Assignments for 7th Grade

This week, students are being assigned approximately 2.5 hours worth of the following classes:

Math, History, Health, Robotics, and Art

Band /Choir/Orchestra- Students can complete during week 1, week 2, or divided over the two weeks .

REQUIRED CORE CLASS WORK- IF A TEACHER IS NOT SPECIFIED, THE ASSIGNMENT IS FOR THE ENTIRE GRADE LEVEL.

<i>Subject</i>	<i>Assignment Description</i>
Math 7- Watts	1.) Watch Video on Complementary and Supplementary Angles 2.) Follow link and play Complementary and Supplementary angle game 3.) Complete Pearson Complementary and Supplementary angel assignment 4.) There will be an optional Virtual Meeting for anyone who has questions or needs help on any previous assignments (Tuesday at 9:30am) All links are located in Google Classroom
Math 7- King	We have worked hard the last few weeks to finish the Geometry Standard on Area & Circumference. ALL LEVELS 1-4 should be completed and turned in. That is #1 priority this week. This week's assignment, to not add any new information we haven't talked about in class, is to review any topic(s) you wish from the year on Khan Academy's 7th Grade. As of Sunday I recorded your current percentage in the mission. You will need to improve that percentage by a minimum of 5% using any topic or combination of topics. You can check your percentage on the tracking sheet on Google Classroom.
Math 7- Guy (bells 1 and 6)	Please go to google classroom and complete the google form for your final assignment. Great job this year!!
Accelerated Math 7 Wilson & King (Bell 5)	All links are posted on Google Classroom. Also, more detailed directions are on Google Classroom so make sure to read them! 1. Watch the video on Circles. 2. Complete Pearson (Grade 7) Math XL 8-5 and 8-6.

	3. Watch the video on volume of cylinders and complete Math XL 8-2. 4. Watch the video on volume of cones and complete Math XL 8-3. 5. Watch the video on volume of spheres and complete Math XL 8-4.
History 7	Complete End of Year History Work: 1. End of Year Evaluation 2. Complete missing 4th quarter work (check ProgressBook and use the missing work links on Classroom) 3. Review & complete End of Year Activities: Select a few activities to complete, then share some of your work with your teacher <i>**Follow directions on History End of Year Homebase for the week of 5/11-5/15.</i>
Health	-Watch organ donation video posted on Google classroom. -Complete attached Google form

REQUIRED ELECTIVE COURSE WORK-

Art	Students can Create ART for the Purpose of Giving. The slide presentation offers many ideas and artists for guidance. Art students are the gifter and someone (that they will name & why) is the giftee.
Robotics	Students will finish the maze program of their rover on whitebox learning. The maze can be finished via any method the student decides. Video instructions will be posted on google classroom to help students with how to solve and navigate the programming.
	Band /Choir/Orchestra- Students can complete during week 1, week 2, or divided over the two weeks .
Band 7	Continue working through your Blue Book and submit at least one recording.
Orchestra 7	Continue to update your check-off chart for Bk. 3 and Sight Reading.
Choir B/G	Assignment Posted In Google Classroom
