

2025-2026

The teacher will be responsible for purchasing daily snacks using the \$20 snack payment and Pedal-a-Thon proceeds. This does **not** include birthday treats. You are welcome to send **simple**

treats for your child's special day. Treats can be either of the edible or material kind (stickers, pencils, etc.). Although we encourage snacks with nutritional value, they are not required on these days. Birthdays are assigned on the snack menu which is sent at the beginning of each month or found on the classroom website. Every attempt will be made to have your child's snack date scheduled on or as close to his/her actual birthday. *(see below for summer birthdays). Any restrictions regarding allergies will be provided.

In order to have these days operate as routinely as possible, I do ask the following:

- Avoid items with a lot of frosting. These can be overwhelming and usually end up in the trash.
- **One "mini" cupcake per child is not enough.** Sending enough for each to have 2 or something to supplement is needed.
- Pre-cut or individually wrapped items are easier to serve and eat (cookies, donuts, brownies, Rice Krispy treats, etc.) No cakes, please.
- We do have a refrigerator and freezer
- Typically we need enough to serve 20!

Please keep in mind, it is NOT necessary to send special treats. We will honor your child regardless! Each child will wear a crown, choose a birthday song and be given a birthday book of his/her choosing.

IMPORTANT NOTES:

-If you do **NOT** want your child participating in these celebrations, please notify me so other arrangements can be made.

*-If your child's birthday is in the summer, we will celebrate his/her ½ birthday. This will be indicated on the snack menu.

-It is building policy to NOT involve teachers, students or the 4K classroom in the process of distributing party invitations! Thank you for your understanding and cooperation! A class list with phone numbers will be distributed for you to do this on your own.
