What is your *#OneWord2018* ?

Have you heard of making a New Year’s Resolution? Have you ever made one?

If you are unsure, a **New Year’s Resolution** *is a promise that you make to yourself to start doing something good or stop doing something bad on the first day of the year.* (http://en.wikipedia.org/wiki/New_Year's_Resolution)

Instead of making a list of resolutions this year, pick **OneWord** that defines your goals, dreams, ambitions and who you want to be in 2018.

REFLECT ON 2017

Think about it...

- What did you accomplish?
- What are you proud of?
- What did you leave unfinished?
- What inspired you?
- What do you want to continue in the new year?
- What drives you?

Make a bulleted list of your thoughts below:

CREATE YOUR ONWORD GRAPHIC!

Now for the fun part!
Read through all directions first and use the hyperlinks to assist you in creating your OneWord, word art.

The links below are GIFs to show students the steps to complete.

Teachers, you may need to make a copy of these and relink into your copy of the hyperdoc, I have noticed that many student accounts will not allow these to be viewed since it is from an account outside of your domain.

1. Click and highlight the x below
2. [Insert a Google Drawing of your word](#) below
3. Use [color and cool fonts](#)!
4. Even [insert a background image](#)!

**Hint- Click ctrl + ↓ to move your image to the back
and trl + ↑ to move it to the front.*

Teachers feel free to keep these original links to the padlet and flipgrid. Keeping them in will create an incredible global response! However, you may change them to your own if you like or choose another option when having students share their OneWord.

If you keep the original links to the shared padlet and Flipgrid, please monitor your students' posts. I have elected not to monitor them so if students choose to post something not appropriate it will be visible to all. If you do see something that you feel is not appropriate please reach out to me and I can take care of removing it. Thanks!
