THINGS TO KNOW BEFORE YOU ORDER

about my commissions

- please know **my art style tends to vary** from piece to piece. i still have a lot to learn regarding drawing human characters as i used to only draw animals!
- i may decline any commission (will do this if i feel like i wouldn't be able to draw your character well)
- feel free to repost/use your commission for whatever you want as long as credit is given
- prices are based on the time it takes me to draw
- i will finish your commission within a few weeks depending on complexity and other projects, if anything comes up where i can't finish it or if i'm taking too long i will offer you a refund
- large props, pets, detailed outfits, etc can add to the price
- **please make sure to read this entire doc** to avoid any problems!

✓ can do

- humans / humanoid
- animals (if you want me to draw your IRL pet, please have very CLEAR photo references so i can see their markings/colors properly)
- furies / mythical creatures
- fandom characters (within reason/in my style)
- multiple characters (price increase depending on the scene/characters)

✗ will not do

- NSFW or anything suggestive AT ALL
- mech, robots, vehicles, etc
- design a character for you
- very muscular, oversized and/or any other extreme proportions or body types
- complex clothing/armor/weapons
- gore, horror (scars are ok)

if you are unsure, feel free to just ask!

talk to me about pricing for these! if i didn't include a commission type in this list it's because i either didn't have many examples or haven't set a price yet

vtuber models, backgrounds

PLEASE TALK TO ME IF YOU ARE INTERESTED IN THESE! these are big projects and i'm picky about what i can draw within my ability- price also varies greatly but these take many hours so it wouldn't be cheap! may discount due to not having many examples of these
