

Along with paints, JKProtomax now offers to you a wide variety of painting tools and equipments. In the market, most of these items are of low quality. Our endeavour is to offer you the best in terms of quality.

Currently we offer you the following products

(GIVE BRIEF DESCRIPTION OF EACH PRODUCT)

Click on them to know more:

- Water paper/Silicone Carbide Paper/Regmar
- Putty Mixer Machine
- Paint Spray Machine
- Sanding Machine

This is just the beginning. We plan to bring many new items in the coming days.

These include (but not limited to) Paint Roller, Masking Tape, Stencil and Paint Brush etc.

If you are having difficulty in securing any of the paint equipment or tools, get in touch with us. We will try to source it for you.

Still confused. No problem. Call us or message us. We will be happy to understand your requirement and provide you our expert advice.
