5. Proposal on Revised Budget

Is the group comfortable with sending a proposal to the board for a revised budget of 990 students? This would align with our working budget and Mindy states that we are still a bit conservative at 990 as we are fluctuating around 992-995. Mindy will look into the impact of moving donations from Development committee to the PTO. If there is no implication between sending the revised budget from this month to next it was recommended we wait until next month when we have clearer picture of some of our funding line items. Amanda Linn echoes this and so we will wait to send a revised budget to the March board meeting.

2. Discuss 2025-26 Budget Proposal

- Mindy Wachter of Creative Planning went over the proposed 2025-2026 budget and spent a good deal of time talking about the funding deficit occurring due to the reduction in compensatory funding from MDE. Antonio offered a link to a news story on the topic and how it is affecting schools like DaVinci Academy:

<https://kstp.com/kstp-news/top-news/unintended-consequence-of-free-school-lunch-program-could-lose-millions-in-funding-for-some-districts/>; the finance committee went line by line and talked

about the revenue for next year and the expenses including some reductions in operational and academic line items to address the \$117,000.00 compensatory gap. Antonio asked for ideas or ways to address the gap outside of the proposal for non-student facing staffing impacts, no ideas were presented.

- The budget proposal Mindy covered has us with a small profit next year and meeting bond covenants for debt service coverage ratio (1.10 required and 1.13 projected in the proposed budget), days cash on hand (60 days required and 80 days projected in the proposed budget), and building our fund balance to a projected 24.6%; the finance committee agreed to propose this budget to the board at the March meeting.

1. Monthly Board Financial Reports

- Not much changed from previous month and we are roughly 58.3% through the year
- Revenues sit at 57% and expenditures at 51.4% so we are on track.
- Key financial indicators:
 - Average Daily Membership (ADM) – Working Budget: 955; Actual: 952
 - Days Cash on Hand: Working Budget: 61; Required: 60
 - Debt Service Coverage: Working Budget: 1.12; Required: 1.10

2. Discuss 2025-26 Budget due to MDE updates

We are short \$117,00.00 in Compensatory funding for FY 25'-26' due to a 10% decrease in Free & Reduced lunch reporting under the new Direct Certification process. Free Food legislation changed the way this was calculated and FY25 is our last year under hold harmless legislation as it's currently written. Due to this we need to make up this reduction and still account for the roughly 4% shortage in our fund balance. A proposed option for savings was made to the finance committee, this will be discussed in further detail at the February Board Meeting.

 - Upkeep and maintenance of current building; interior/exterior
 - Life-span of furniture/equipment and replacement plan
 - Reword “Maintain a fund balance that meets or exceeds the charter goal for fund balance”, to Maintain bond holder compliance as stated in Board Covenant - fund balance, days cash on hand and debt service coverage.
- Cassy shared that she is not seeing anything on the School Development account.
 - This can be an extra report.

1. Monthly Board Financial Reports:

October Financial Packet

- FY 24 updated, could be a couple of journal entries as the audit is not fully wrapped
- FY24 fund balance is expected to be around 23% compared to what we had last month at 18% (pending audit finalization). This was due to ERC dollars being left in deferred revenue and less expenses spent than planned.
 - Salaries were about \$80K under budget when combined with the overage in purchased services
 - Benefits were about \$50K under budget
 - Supplies were about \$10K over budget
 - Equipment was about \$20K under budget
- Fund balance at 25.1% as of September 30 (for budget year FY25)
- Covenant compliant, Page 5 of the financial packet
- ERC funds update: Have not heard that we have received any of those dollars

2. Audit Update (Julie Schreiber)

- Initial audit sent over, no material findings and overall a clean audit for last fiscal year

3. Revised Budget FY25 (Antonio Kuklok)

Mindy from Creative Planning went over the Budget Model Forecast for FY25.

Initial revised budget signaled a healthy surplus, but upon review at the Finance committee, adjusted to account for transportation increase of around 40% this year. This resulted in a small deficit at a budget of 955 students. Will need to look at the projected staffing and what is currently open and what we can do without to flip us back into a positive for the year before approving a revised budget in November.
