

Privacy Policy for iSecure Guard

Last updated: July 1, 2026

This Privacy Policy describes how iSecure Group Ltd ("we", "us", or "our") handles information in connection with the iSecure Guard mobile application ("the App") available on Android devices.

Information We Do Not Collect

The iSecure Guard application does not collect, store, transmit, or share any personal information. The App does not require user registration or login. The App does not require you to provide your name, email address, phone number, or any other personal data. The App does not track your location. The App does not use analytics tools or third-party tracking services. The App does not use advertising networks. The App does not collect device identifiers.

Booking Feature

The appointment booking feature within the App is entirely local to your device. Any dates and times you select for a consultation are stored only on your device and are not transmitted to our servers or any third party.

Phone and Email Access

The App provides quick contact buttons that allow you to initiate a phone call or open your email client. These actions are handled entirely by your device's operating system. We do not access your call logs or email content.

Internet Permission

The App declares the INTERNET permission for potential future functionality. At this time, the App does not make any network requests or transmit any data over the internet.

Children's Privacy

The App is not directed at children under the age of 13 and we do not knowingly collect any information from children.

Changes to This Privacy Policy

We may update this Privacy Policy from time to time. Any changes will be reflected in an updated version of the App. We encourage you to review this policy periodically.

Contact Us

If you have any questions about this Privacy Policy, please contact us at info@isecuregroup.co.uk or by calling 01325 000 000. Our office is located at Morton Park, Darlington, DL1 4PJ, United Kingdom.
