

PHCode Privacy Policy

Effective Date: July 30, 2026

Welcome to **PHCode**. Your privacy is important to us. This Privacy Policy explains how PHCode collects, uses, and protects your information.

1. Information We Collect

PHCode is a local-first mobile code editor. We do **not** require you to create an account to use the app.

The app may access:

- Files and folders that you choose to open or save.
- Device storage to create, edit, rename, and delete files and projects.
- Basic crash and diagnostic information provided by your device or app store (if enabled).

2. Local Storage

All code files, folders, settings, and projects are stored locally on your device.

PHCode does **not** upload, collect, or store your code or projects on our servers.

3. Permissions

PHCode may request permission to:

- Access files and folders you choose.
- Read and write files on your device.
- Import and export projects.
- Share files using Android's sharing features.

Permissions are used only to provide the app's functionality.

4. Data Sharing

We do not sell, rent, or share your personal information or source code with third parties.

5. Data Security

We take reasonable steps to keep the app secure. However, no software or storage system can guarantee complete security.

6. Children's Privacy

PHCode is not directed toward children under the age required by applicable law. We do not knowingly collect personal information from children.

7. Changes to this Privacy Policy

We may update this Privacy Policy from time to time. The updated version becomes effective when published.

8. Contact

For questions regarding this Privacy Policy, please contact the developer using the contact information listed on the app store.
