

# Ben Stubbs In-Depth Bio (Original Music)

Ben Stubbs is an English singer-songwriter, musician, producer and recording artist. His main music style combines an eclectic range of genres into thought-provoking original songs that seamlessly blend pop, rock and country with a strong singer-songwriter vibe. A melodic, lyric driven sound heavily influenced by great songwriters like Bob Dylan, Paul Simon, Bruce Springsteen, Jack Johnson, Neil Young and John Mayer.

He also continued to play live regularly throughout the south coast (uk) and was booked to perform at several large festivals.

Early in 2015 Ben took a month long trip to Thailand and spent several nights performing for fun at the popular live music venue “Kong Siam” on Koh Phi Phi and was offered the coveted position of resident entertainer which he gladly accepted. A position which was vital to Ben’s growth as a musician and a performer. Following the death of Thailand’s King Bhumibol Adulyadej, a period of mourning was observed in Thailand and live performance was prohibited for an extended time. Ben returned to the UK where he worked as a full-time professional gigging musician from his home town of Ventnor on the Isle of Wight, performing at local bars, music venues, weddings and other private functions.

Spurred on by the 2020 pandemic, Ben started work on his debut album “Light of My Life” (released 19th May 2023); a dedication to his long term partner, Abi. Collaborating with some of the island’s top musicians, “Light of My Life” was recorded at Empire Sound in Newport and yielded two singles. “Driving in The Dark” (April 2023) and “Your Life is OK” (May 2023). The album has attracted global attention from music reviewers, radio presenters and playlisters including several features on BBC Introducing. “Light of My Life” is available to listen to on all streaming services.

Over the course of Ben’s career, he has racked up an impressive shows including Kashmir Cafe at the Isle of Wight Festival, Two headline shows at Strings Venue, Acoustic Originals at Quay Arts, Cowes Fringe, a sold out show at Monkton Arts and a mini-tour and have supported Tony Wright of Terrorvision, Toploader and Jesse Roper.
