

October 1--3, 2025 Colorado Water Officials Association will host its 2025 conference, in Pagosa Springs, Colorado at the Pagosa Lodge.

CWOA's mission is to educate Colorado's citizens and water officials on the importance of water rights administration, water issues and to further the professional development of its members and affiliates. CWOA is comprised of Colorado Division of Water Resources and Colorado Water Conservation Board employees, CWOA is unique in that its members connect with thousands of citizens across Colorado each year regarding water-related issues. It is a time to learn, share ideas and build relationships within the water resources community. This annual conference travels around the state and is not expected to return to the Southwest Colorado area for another 8 years; therefore, this year's event is a great opportunity to showcase and network with water resource professionals from all around Colorado!

Proceeds from this year's conference will be used to further CWOA – Division Seven's mission to provide scholarship money to a local student wishing to pursue higher education within a water related field. In addition to the conference, CWOA will host a golf tournament and Water Rodeo event to raise money for this year's recipients.

We are seeking sponsors, exhibitors, and donations to facilitate the conference. You may sign up to be a sponsor or exhibitor, and/or donate a monetary gift, items for the silent auction, or small items to put in the bag that every attendee receives (a great way to advertise). Donations are tax deductible and will provide the opportunity for the donor to be listed in the conference program and be recognized at the conference. The items that you donate will either be included in our gift bag to participants, be given away during random drawings to participants, or used as a silent auction item to help in funding the scholarship. Your name will be included in the registration packets distributed at the meeting and you will be recognized for your donation.
