📄 Privacy Policy for Wramble!

Last updated: 11/10/25

Introduction

Wramble! ("the App") is a word game designed for entertainment purposes. We respect your privacy and are committed to protecting your personal data.

This Privacy Policy explains how Wramble! handles data when you use the App.

Information We Collect

We do **not** collect personally identifiable information such as your name, email, phone number, or contact information.

The App does collect anonymous gameplay and usage data through **Firebase**, including:

- Gameplay performance (scores, stats, achievements, leaderboard position)
- Basic device information (device type, OS version)
- Anonymous analytics to improve game performance and experience

We do not collect, store, or share:

- Personal identifiers
- Photos or media
- Location data
- Contacts
- Payment information
- Advertising IDs

User-Generated Display Names

The App allows users to create a display name to appear on the leaderboard. This name is user-generated, optional, and not tied to any personal identity. Display names are stored solely to support leaderboard functionality and are not used for identification, marketing, or tracking.

Why We Collect Data

We collect gameplay and usage data to:

- Track game progress & leaderboard ranking
- Improve game performance & feature quality
- Understand gameplay trends to enhance the user experience

Data Sharing

We **do not sell or share** user data with third parties for marketing or advertising.

Gameplay data is processed by:

Google Firebase
Used only for:

- Analytics
- Leaderboard functionality
- Performance monitoring
- Leaderboard display name

All Firebase data is anonymous and managed according to Google's privacy and security policies.

Children's Privacy

Wramble! does not knowingly collect personal data from children.
We do not allow profile creation, chat, or personal data input.

Security

We implement industry-standard measures to protect gameplay data.
No data is stored locally that contains personal information.

Third-Party Services

Wramble! uses the following third-party service:

- **Firebase (Google)** — anonymous analytics & leaderboard storage
