This privacy policy outlines how **Prime Design** handles data within our apps. Please read this policy carefully to understand our practices regarding your privacy.

1. Information Collection and Use

- **Data Collection**: Our apps do not collect or store any personal information. We do not access, retrieve, or transmit any data that can personally identify you or your device.
- **Usage of Device Permissions**: While our apps may request certain permissions on your device, such as heart rate, step count, or location data, these permissions are strictly for the functionality of the app and are not used to collect or store personal data.
- **Third-Party Services**: Our apps may integrate with third-party services, such as Google Play Services. These services may collect data for their own purposes. Please refer to the respective privacy policies of these services for more information.

2. Data Collected by Google

Although we do not collect any personal data, our apps operate on the Google platform. Users should be aware that Google may collect data related to the app's performance and usage. This data is governed by Google's Privacy Policy, which you can review here: [Google Privacy Policy](#).

3. Contact Us

If you have any questions, concerns, or requests regarding this privacy policy or the apps, please contact us at primedesignideas@gmail.com.

4. Scope of This Privacy Policy

This privacy policy applies solely to the data practices of our apps. It does not cover any third-party apps, websites, or services that may be accessed through our apps.
