Define your teaching philosophy.

Have you ever observed a master teacher? If the answer is yes, what do you recall most about the experience?

Give examples of your most successful lesson. Why do you feel it was successful?

Do you have an example of an unsuccessful lesson? How did you address the challenges?

Are you introducing and/or expanding the use of technology in your teaching?

How do you feel innovative technologies will affect the student experience? How do you think it will affect your experience?

Please describe new teaching ideas you plan to implement due to this Teaching with Technology certificate program.

How will the tools and strategies contribute to your classroom practice?

How will you evaluate the success of your activities?

What do you consider to be the bigger picture items concerning technology and learning?
