Whereas the East Bay DSA district groups in North Oakland and South Berkeley typically hold one canvassing event per district per calendar month.

Whereas the long term aim of these groups is to expand across the East Bay and stable/clear budgets are key to doing so.

Whereas the current expenses for each district canvass typically total:

Food: $30
Printing: $20

Be it resolved that that the Local Council issue a monthly budget of $50/month to each existing district group (currently $100/month total) for food, printing, and other expenses. With up to $50 rolling over from previous months.

Be it resolved that the district leaders will be tasked with maintaining receipts for all expenses incurred and reporting their expenses to the treasurer upon request.

Be it resolved that the district leaders for each group, or a district member appointed by them, will keep a spreadsheet of all monies spent and received and make monthly reports to the treasurer for bookkeeping and reimbursements.

Be it resolved that future district groups will be allotted the same budget, under the same conditions, upon their formation.
