

# HEATHWOOD HALL

## Summer Programs

**Camp Name:** Rockets and Space

**Price:** Half Day - \$200 & Full Day - \$300

**Week of Camp:** June 24-28

**Time:** Half Day 9am-12pm & Full Day 9am-4pm

**Grade level:** K-8th

### **Description:**

In our Rockets and Space camp, students will be learning about aerodynamics and aerospace engineering principals, as well as the challenges that engineers face in designing rockets. Students will be building and launching their own rockets out of various materials, engaging in the scientific method and engineering design process to learn about the physics of space flight.
