MODULE HANDBOOK SPECIAL TOPICS XII

Module	Special Topics XII				
designation	Special Topics All				
Module code	TPHP213221				
Module level	Bachelor				
Semester(s) in	Semester 6 / Even Semester				
which the module	Semester 6 / Even Semester				
is taught					
Person responsible	The curriculum team of the Bachelor in Food and Agricultural Product				
for the module	Technology				
Language	Indonesian				
Relation to	Elective Courses				
curriculum					
Teaching methods	Project-Based				
Workload (incl.	1. Off-campus activities				
contact hours,	2 credits x 170 minutes x 16 meetings = 5440 minutes				
self-study hours)	= 90.67 hours				
	= 90.67 hours/30 hours				
	= 3.02 ECTS				
	Total workload = 3.02 ECTS (90.67 hours)				
Credit points	2 credits / 3.02 ECTS				
Required and	No requirement needed				
recommended					
prerequisites for					
joining the module					
Module	Programme Learning Outcome (PLO)				
objectives/intende	PLO S1	Show awareness of Pancasilaist attitudes, understanding			
d learning		the importance of the nation and state, and respecting			
outcomes		cultural diversity			

self-confidence, emotional maturity, ethics, law-abiding behaviour, and awareness of lifelong learning. PLO KU1 Be able to analyze data and make decisions in order to show independent and group performance to apply knowledge in social life PLO KU2 Be able to argue scientifically, think logically, critically, systematically, and innovatively by utilizing information technology to produce solutions in the field of food and agricultural products technology PLO KU3 Be able to communicate scientifically both orally and in writing PLO KK1 Be able to manage organizations and projects, and have the essential skills to work and interact with people from diverse backgrounds Module Learning Outcome (MLO) MLO KU1.46 Be able to analyze data statistically MLO KU1.47 Be able to use appropriate data collection and analysis techniques	Т	· · · · · · · · · · · · · · · · · · ·			
behaviour, and awareness of lifelong learning. PLO KU1 Be able to analyze data and make decisions in order to show independent and group performance to apply knowledge in social life PLO KU2 Be able to argue scientifically, think logically, critically, systematically, and innovatively by utilizing information technology to produce solutions in the field of food and agricultural products technology PLO KU3 Be able to communicate scientifically both orally and in writing PLO KK1 Be able to manage organizations and projects, and have the essential skills to work and interact with people from diverse backgrounds Module Learning Outcome (MLO) MLO KU1.46 Be able to analyze data statistically MLO KU1.47 Be able to use appropriate data collection and analysis techniques	PLO S2	Demonstrate social sensitivity, honesty, responsibility,
