Step by step

1. Meet requirements for additional traits (*optional*)
2. Create your Nebnom Myo (one per person)
3. Upload it *publicly*.
4. post the link into this google **form**
5. Finish the Prompt to get your neb for free

Or

Pay the reduced myo fee *after* the event concluded

Participation Rules

- You can create one full common Nebnom (unless additional traits have been earned)
- Your submission needs to state 'myo event entry' in its name
- Upload it *publicly*. Valid options are:
DeviantArt(not stash), Bluesky, Furaffinity, Weasyl, Mastodon, Cara, Toyhouse.
- post the link into this google form ([NebNom Census 2025](#))
- you *may* also submit it to the [event group folder](#)
- You MUST have a transparent background version for the master list with no objects obstructing the nebnom's design.
- You may use one of the bases provided by staff for the design

Free to use bases:

- [GreaserDemon Base](#) 2024 (Dropbox link)
- [Soupling base](#)

****Please note that you *will not receive* points for anatomy if you use a base because you did not draw them****

Nebnoms received in this event

CANNOT be sold (or
"traded" for vouchers).

They will also receive a trade
cooldown of 2 months.

This means they can not be
traded or gifted until the 2
months are over.

General Design Rules

- ★ You can NOT use copyrighted characters (remember the design is supposed to be created by you). You cannot use designs owned by other people either as the base of your design. Such designs will be immediately disqualified and will not be able to be made official.
- ★ Please **follow the general species anatomy**, this will have a direct impact on the score of your design. (Anthropomorphic, 5 fingers, armplates, connectors, trinor (mouth-eye connector), check the 2022 anatomy quickinfo guide for a visual reference)
- ★ Though it is unlikely due to their dense bone structure, nebnoms can lose a limb. This is highly unlikely. However, if it fits your back story, your nebnom may be missing a maximum of 1 leg and 1 arm which would need to be replaced by a simple peg or a **standard existing prosthetic** (No super fancy/mecha etc. styled limbs because they may unintentionally mimic seasonal tier perk traits like 'Android')
- ★ Use the linked resources in the Resource section for head shape and for drawing traits
 - ★ Your design may only use full common traits. You may unlock 3 uncommon and 1 rare (more info below)

Unlocking Uncommon and Rare Traits:

- ★ Write a journal/status update or poll to advertise the event; or advertise the event on a social media platform other than deviant art such as bluesky, instagram, Fur affinity, etc: **UNLOCK ONE UC TRAIT**

- ★ Tag 3+ people in your advertisement: **UNLOCK ONE UC TRAIT**

- ★ Crossword ([Here](#)) : **UNLOCK ONE UC TRAIT**

★ Rare Trait Unlock Option - You may unlock 1 RARE TRAIT if you create a fullbody art piece with minimal shading, OR a fullbody chibi with full shading, for a member of the nebnom community: **UNLOCK ONE RARE TRAIT**

Requirements: The piece must be full body, colored, with minimal or full shading, depending on which you do. For finding members to do gift art for please check the community list here [Community List](#) OR [on the community discord volunteer-nebs-2024](#) channel

Please link your proofs for shoutouts, tags, art and the likes in the Google Form when submitting your nebnom!

Prompts

There are multiple prompts available to make your new MYO official! Pick ONE to do!

1. Commemorate your nebnoms trinket. How does their trinket define them? What significance does it bear? Do they own a replica of it that they treasure?

Draw your Nebnom with a replica of their trinket or them explaining their trinket.

Feel free to add more info in a description- this will also count into the score you will receive from the 'Trinket' judge section.

2. Where does your nebnom live? Do they live on the mothership? In a cozy cave in the mountains? In the bustling cities on some futuristic planet? Or in the castle of a medieval City or a small rusty tin can - The sky's the limit with where these adaptable creatures can live!
 3. What does your nebnom do for a job? Are they a king? A shop worker? Blacksmith? A doctor? Headhunter? Scientist or Sharlatan - They can do anything with the help of their nebular!

The Contest

We will judge your entries based on multiple categories.

This will NOT be a judgement of your artistic talents.

- ★ **Overall Appeal** (how appealing is the design and how well it fits for its theme. *Not only complex designs can be appealing.*) 1-10
- ★ **Creativity** (creativity of the design theme) 1-10
- ★ **Story** (how much thought was put into their story and background) 0-15
- ★ **Anatomy** (did you follow the species anatomy? Such as 5 fingers, Trinor etc. Remember, if a base is used, you get 0 points in this category) 0-5
- ★ **Trinket** (Does your Neb have a trinket ? Is a visual and / or written description included? How fitting is the trinket with your nebs theme? How well does it bind into the nebs Story?) 1-10

Frequently Asked Questions

Q: Can I mix traits?

A: Unfortunately for the purpose of this Contest the answer will be no.

If you want to mix traits later on you can participate in other events to earn trait mergers.

Q: Does the gift art need to be full body?

A: Yes.

Q: Soo... can I do the prompts and giftart first or...?

A: The Prompts are specifically made for you to craft a backstory and personality for the Nomad you want to create in the Contest. I do not see a problem with doing Giftart ahead of time, unless you want to give some people who aren't on the list a chance to comment somewhere on the channel.

Q: Why do I have to submit my entry via Google Form?

A: We have realized that not all people have or want a Deviant Art or Discord account. In order to make it possible to join for all people who only use other Social media (Toyhouse, Furaffinity etc) we chose this method in order to enable all to submit in one space that everyone can access.

Q: For the myo event if I make one for me but also draw one for my partner/spouse too would that be ok? My partner/spouse doesn't draw ?

A: Only one entry per person and the art must be *drawn* by yourself. your partner/spouse can use a base, but the gift art must be done by them as well.
