

Endorsed Delegate Assessment Criteria

The Endorsed Delegate Assessment Criteria is self-reported and is intended to provide DYDX holders with deeper information about an Endorsed Delegate.

Delegate	Alignment	Experience	Engagement	Diversity	Conflicts	Total
Moe_Lester  #4361	2/2	1/2	2/2	2/2	2/2	9/10

Detailed Assessment:

1. Alignment

- **2** – High-level commitment to the dYdX protocol and governance. Delegate will benefit if the dYdX protocol grows.
- **1** – Some commitment to the dYdX protocol and governance. Delegate may indirectly benefit if the dYdX protocol grows.
- **0** – No commitment to the dYdX protocol and governance.

Details: I am a very active community member, dYdX is my treasure. This should be evident.

2. Experience

- **2** – Delegate has a professional background in crypto governance, smart contract development, code auditing, financial risk modeling, DeFi protocols, or similar.
- **1** – Delegate has a personal interest in the criteria listed above.
- **0** – Delegate has an unrelated background.

Details: Extremely interested in crypto since 2017, i have no professional background on DeFi, however have a vast professional background in TradFi.

3. Engagement

- **2** – Delegate has a strong history of participating in forums, voting and/or participating with other relevant communities.
- **1** – Delegate has a limited history of community engagement.

- **0** – Delegate has no history of community engagement.

Details: I got this. Just look me up here and on discord Moe_Lester 🦔 #4361, i am quite active.

4. Diversity of Perspective

- **2** – Delegate has a unique perspective compared to other delegates.
- **1** – Delegate represents a perspective that is underrepresented in governance.
- **0** – Delegate represents a perspective that is widely represented in governance.

Details:

- **I will always try to be creative with my own perspectives**

5. Conflicts

- **2** - Delegate has no existing conflicts with the dYdX protocol, and would not benefit in any way from the dYdX protocol's failure.
- **1** - Delegate has no outright conflicts with the dYdX protocol, but may benefit in some unusual circumstances if the dYdX protocol fails.
- **0** - Delegate has an outright conflict with the dYdX protocol, or may benefit in typical circumstances if the protocol fails.

Details: I want dydx to 100x I have no interest in the protocol failure, i am a holder and a trader as well

I confirm that the information above is accurate and up to date.
