

The Department of Natural Resources (DNR) announces grant funding opportunities for park and trail projects across Minnesota. Applications are now being accepted for the following grant programs: outdoor recreation, natural and scenic area, regional trail, local trail connections and federal recreational trails. Thanks for your continued patience as our RFPs undergo additional reviews.

These grants help local governments throughout the state create partnerships with the DNR to fund projects ranging from local parks, regional trails to trail connections. Eligibility requirements, deadlines, contact information and other details can be found on the DNR website at mndnr.gov or on the following program links:
