

Dear Partner,

Thank you for being so Minnesota Nice! Cream of the Crop Artists Gallery is at the Minnesota State Fair and we have an online community of artists and musicians. We love the Minnesota State Fair and want to share the experience year round. We are a Minnesota strong collective of artists and musicians that are empowered to bring a unique visual experience to the community coast to coast and over the seas.

Since 2016, the art gallery booth has shown and sold thousands of artworks by over 90 artists while being entertained by amazing musicians in the West End Market at the Minnesota State Fair. Our website is fun and has a great community vibe and shopping.

We are thankful for this community throughout the pandemic and beyond. We are ready to get back in the game! The 2021 Minnesota State Fair is a month away and we couldn't be more excited!! We will continue to bring the fair experience to online shoppers and we are excited to be in person this year. Here's your opportunity to be a part of the excitement by partnering to receive a Banner Page and this year you can have your logo at the fair!!

Thank you for Partnering up with us and receiving the following benefits:
