ABOUT ME

I am a Junior in B.Tech.Electronics and Communication Engg. at NIT Hamirpur, Himachal Pradesh, India. I am a self motivated learner. Software Development, Artificial Intelligence and Space Science are main areas of my interest.

EXPERIENCE

Google Summer of Code 2021 student @ Inkscape
Worked on new OnCanvas Alignment Guides feature to improve user experience and improve speed while editing vector graphics in Inkscape.

Prodyogiki 2020 & 2021
Prodyogiki is the Annual Technical Fest for our college that I helped organise.

HULT PRIZE 2020
Organised HultPrize 2020, mainly contributed to the technical aspect of the online event.

Indian Society for Technical Education, NITH
I have been an active member of Team ISTE students' chapter at NIT Hamirpur

PROJECTS

Tic-Tac-Toe AI https://github.com/ParthPant/TicTacToeAi
Python implementation of minimax Algorithm using Pygame

Web Based IDE https://github.com/ParthPant/TestSnippet
A webapp for testing code snippets in various languages. Made using React and Nodejs

Webdev https://istenith.com/prody/ | https://istenith.com
Backend of the website for my college Technical Festival and the website for team ISTE-NITH.

Abhedya Game https://github.com/ParthPant/cryptic-hunt
A virtual cryptic hunt organised by Team ISTE. Written in django with over 250 participants this was a successful team project
