

Ichika

- It looks like they're out of yakisoba buns. I guess I'll have to get something else. What's this? A croquette sandwich? It says here a popular butcher shop turned their famous croquette into a filling. I think I'll try this today. Excuse me, I'd like one of these.
- Oh, I thought this song sounded familiar. It's the one Miku sings in that video that's been going around lately. It's really cool to see how different Miku can be based on who wrote the song.
- Oh, it looks like this shop is doing a Miku collaboration. Teal glasses, wallets, all sorts of things. Everything is themed in Miku's colors. I wonder if the fast food place I work at would be interested in doing something like this.

Honami

- We're practicing figure drawing next art class... The teacher says I have a unique style, but basically I'm just terrible. I wish I could draw regular pictures that don't always freak everyone out.
- What?! An apple pie with chocolate filling?! And it's only available for a limited time... Sounds delicious. I'll have to buy one every day while they have it.
- Oh, these sneakers have little ribbons on them. How cute. Mine are getting pretty old. Maybe it's time for a new pair. I really like my old shoes, though. I think I'll hold off for a bit longer.

Shiho

- Oh, is this the ramen place everyone always goes to after a show? They were saying something about there being more green onions than noodles. I'm kind of curious. Maybe I'll give it a try.
- Oh, I didn't realize this girl band had made their major debut. I remember playing as part of the backing band for one of their shows. I hope things go well for them.
- Getting a free ticket in was great, but it sure has been a while since I've been here. Phenny is as cute as I remember. Oh, the cast are going to say a few words! I've got to get a picture!

Minori

- Hehe. Today's lunchtime practice sure went well. Once afternoon classes are over, I can get back to practicing. Oh no! I forgot that our next class is in a different room! And that's the warning bell! I've got to hurry!
- Huh? I didn't know there was a costume rental place here. Oh, look at all the cute outfits! Fluffy lace, silky satin... I bet these would feel great to perform in. Hehe! I hope I get the chance to try them all!
- Oh, I haven't seen this concert DVD in forever! I remember watching it over and over at home to memorize the cute dances. Hehe. I should watch it for old time's sake. I wonder where I put my copy. The bookshelf? Or maybe it's in my old idol costume case? I-I hope I didn't accidentally throw it out! I'll have to look for it when I get home!

Haruka

- I think those guys are members of the basketball team. I used to love all the dribbling and passing drills. It was hard making shots at the beginning, and I'd mess up passes all the time, but I eventually got the hang of it. Hehe. Being part of a club sure was fun. I know, maybe I could start playing again as part of my training routine.
- Crepes, pancakes, all the latest popular sweets... This place has quite the selection. And everything looks so delicious. I'm at a really good weight right now, though, so I can't give in to temptation. I'll have to pass.
- Oh, that penguin mug I bought a while ago is back in stock. I know I already have one, but it's probably getting lonely all by itself. Excuse me. I'll take one of these penguin mugs, please.

Airi

- Phew, that English quiz was a tough one. Shizuku looked like she was having a hard time, too. I'll ask her if she wants to review the material again later. We can't use the fact that we're idols as an excuse to ignore our studies.
- Hey! When did they get all these new tops in stock?! I was only planning on buying accessories today, but I guess it couldn't hurt to check out some prices... Oh, these are still within budget! Hehe! When you see something you like, you've got to snatch it up!
- Oh! They're doing a promotional event for this new idol group! I've never heard of them before, but they sure can dance. They look so enthusiastic, too. It just makes me want to cheer them on. All right, I've got to pick up a copy of their album!

Shizuku

- Sigh, that quiz was quite challenging. I know. I'll ask Airi if she wants to compare notes later. It's always easier to study subjects I'm not good at when she's around.
- Hehe. I came in glasses and a mask just like Airi suggested. My disguise is perfect. Oh, but wait. That means Airi won't be able to recognize me. And if she can't find me, we can't go shopping together. I guess I'll take off my disguise until she gets here.
- I didn't realize that author released a new book. I'm glad I decided to stop by the bookstore today. I'm going to start it as soon as I'm finished with my vocal training later.

Kohane

- I haven't been in charge of feeding the animals for a while. I wonder how the rabbits are doing. Hehe. Minori and I will take good care of them!
- I wonder if everyone is already waiting. Hehe. I can't wait. I have to practice more so I don't freeze up on stage. I decided to do this, so I've got to see it through.
- Our snake had a really clean shed, the skin came off all in one piece. Wanna see? No?

Akito

- Toya has library duty today... Oh well. I'll go on ahead and wait for him at Ken's place.
- Huh? This song... Yeah, this sounds like the guys from the next town over. I haven't seen them around for a while. I've got some time to kill before work. Maybe I'll stop by and say hi.

- Huh, this area has a bunch of nice-looking shops. The quality of their clothes looks pretty good for the price, too. I should stop and take a look.

Toya

- Exams are coming up. I'll bet Akito is betting on the questions being easy again. He has so much potential. If he'd just study a little harder, he wouldn't have to take all those make-up tests. I should give him a friendly reminder.
- Akito is working today, and I don't really have plans to sing anywhere, so I'll drop by the arcade... Hm? It's closed for maintenance... I guess it's Ken's place again.
- It's a lovely day for relaxing with a good book and a cup of coffee. I mostly read mystery, but adventure novels are good once in a while too.

Tsukasa

- The musical I've been waiting to see finally opens today! I can't believe how hard it was just to get a ticket! If I'm going to read through the pamphlet before the show starts, I'll need to hightail it to the theater as soon as school gets out!
- I guess that's what happens when you've got one of the largest intersections in the world. There's always tourists taking pictures here all the time. Hm? What's this? Why are you holding out your camera? Oh, I get it! You want to take a photo with me! Sure, of course! With my coolest pose, I'll ensure this is the best memory of your entire trip!
- What's this? Vichyssoise, carpaccio, ginger pork... This cafe is serving full course meals for lunch! I'm assuming ginger pork is just pork fried with ginger, but I have no idea what the others are! They sound impressive, though, so I'm sure they're all delicious!

Emu

- Yahohoy♪ Time for club activities♪ I'll start with rhythmic gymnastics, then it's swimming, dance, and handball! All right☆ Time to have fun with all my friends!
- Smiling is important! Let's all smile together♪ Okay, everybody! One, two, Wonderhoy! The bestest best show is about to start!
- Wahaha! I just came up with the perfect greeting for everyone who comes to see our show☆ Welcome to the super-duper-sparkly-warkly-jiggly-wiggly-huzzah-ful Wonder Stage! Hehe! I can't wait to tell the others!

Nene

- Hmm... Looks like they've got that new fighting game. I want to try it out, but there are so many people. I'm not good with crowds. I hope it gets ported soon so I can play it at home.
- Oh, this is the movie they were talking about in film club at school. Today, though... Ah, there it is. I've been wanting to see this new musical on the big screen.
- It's cold. I guess I have no choice but to play games inside.

Rui

- Why is it that every single show on tv about eating healthy tells you to eat vegetables? If you ask me, they all taste like they should be bad for your health.

- Such great weather today. Barely any wind either, so the drones won't have any problems. These conditions are perfect for a street performance. Hehe. I've been dying to try out my new show. Time to get set up.
- Buy three or more items and receive a free balloon animal? That's a great idea for the kids, but these animals don't look very well made. I don't see the shopkeeper anywhere. Let me just... There. A balloon Stegosaurus. Hehe. Whichever lucky kid gets that is sure to be pleased. I bet it'll give the shopkeeper a bit of a surprise, too.

Kanade

- I left the house because I really wanted to check out that new movie... But it's so crowded and noisy out... Maybe I'll just wait for it to hit streaming.
- I'm glad I went to visit, but he still can't speak... Dad... I hope we can chat next time...
- The light's about to change. But even if I run, I won't make it in time. I think I'll just take the pedestrian tunnel. It takes longer, but at least there's no sun.

Ena

- Huh? There are still a lot of kids here from the regular full-time course. Club activities must just be finishing up or something. I can't believe they get here so early and stay this late. I could never handle having to be at school for so long.
- Where the heck is Akito? I even got here early so I could ask him to pick something up at the store for me. Whatever. I'll just text him.
- This must be that pancake shop that's super picky about their ingredients and presentation. Let's see. These fluffy pancakes are piled high with fruit! They look and taste great! I bet I could rearrange these to look even tastier for a picture. Hehe. I'd get so many likes♪
