Tuesday, October 19

What	VIRTUAL: Hiking Kick-Off with Beth Pratt*
When	Tuesday, October 19th. Time to be announced.
Event description	This event will be live streamed onto P-22's Facebook page.

Saturday, October 23

P-22 Day Festival at Griffith Park. Limited capacity.

What	Pumas of LA: past, present and future presented by the Natural History Museum of Los Angeles County
When	Saturday, October 23rd at 11:30 AM PT
Event description	Did you know that pumas have called L.A. home for over 30,000 years? Tar Pits preparators, Sean Campbell and Laura Tewksbury, will talk about puma and other large cat fossils Tar Pits staff have discovered that date back to the Ice Age and will display fossils, replicas and modern specimens to aid in their presentation. Natural History Museum of LA County educator and wildlife biologist, Miguel Ordeñana, will be talking about how he discovered P-22, the famous Griffith Park puma, and how scientists study urban carnivores like P-22 today. Please join us for this fun and family-friendly presentation. Get your ticket at bit.ly/PumasLA .

What	Cougar Conservancy Presents: Our Services and Assistance Programs
When	Saturday, October 23rd from 11:45 AM to 12:00 PM PT
Event description	<p>Want to know how the Cougar Conservancy works on the ground to help communities #CoexistWithCougars? The Cougar Conservancy is working in partnership with the #SaveLACougars campaign by providing educational opportunities for the public, outreaching to communities living with cougars, and promoting coexistence strategies. Learn how their Conflict Task Force collaborates with communities and individuals to implement reliable cougar conflict prevention techniques that serve people while conserving cougars.</p> <p>The team will share information on Cougar Conservancy's services: Pre Conflict Visits, Post-Conflict Visits, Hands-On Training and Technical Assistance, and Consultations on Cougar-Proof Enclosures. The team will also share information on their two assistance programs; Pen-Building Assistance Program and Carcass Disposal Program. This talk will conclude with a Q&A session.</p> <p>Get your ticket at bit.ly/CC-talk-1</p>

What	Friends of Griffith Park Presents: Nature's Way – Wildfire Recovery Hike
When	Saturday, October 23rd from 1:00 to 1:30 PM PT
Event description	<p>Native habitat next to the P-22 Day Festival location burned intensely on May 8th, 2007. Look at it now on a one-mile round-trip hike! The 30-minute tour will feature several stops to show the ways trees and flora are adapted for quick return. The risks of repeated fires will be discussed, along with the risks of prolonged periods without fires. This will be casual and interactive with a small group. Moderate terrain, but one set of stairs.</p> <p>About the presenter Gerry Hans, President of Friends of Griffith Park (FoGP), has a 35-year appreciation for Griffith Park and was a founding member of the organization. He's been active with the various scientific surveys and studies sponsored by FoGP, including the Rare Plant Survey and the Raptor Study.</p> <p>Get your ticket at: bit.ly/FOGP-hike</p>

What	VIRTUAL: Corridors & Linkages: Sustaining the Health of All Wildlife. Presentation by Bill Leikam – aka The Fox Guy
When	Saturday, October 23rd from 1:00 to 1:45 PM PT
Event description	At least 90% of urban environments where wildlife could thrive, we humans have chopped up the landscape so badly that wildlife such as the gray fox are being pushed into areas that can hardly sustain a healthy environment with enough food resources for the adults and for the young alike. Therefore, it behooves us to understand the importance of building linkages between pockets of habitat and to increase the acreage of those pockets that are harboring small populations of wild animals, birds, insects, rodents, etc. By so doing, we will build into the ecosystem a healthier place for all to live.

What	Vista Hike with Biocitizen LA!
When	Saturday, October 23rd from 2:00 to 2:30 PM from Spring Canyon up the Bill Eckert Trail
Event description	Take a short hike with Biocitizen LA as we walk through Griffith Park and discuss the wildlife, connectivity, and coexistence in an urban landscape. We'll discuss the history of our local landscape which led to the changes in plant, animal, and cultural communities inhabiting the park and surrounding areas. We'll make our way from Spring Canyon, just up the road from Shane's Inspiration, to a vista point along the Bill Eckert trail to overlook part of the Los Angeles Basin. With an overview of the park's history, we'll connect the special journey of P-22 with other native species — and maybe even imagine a greater mosaic of habitat and wildlife corridors in the future! Duration: 30 minutes From Spring Canyon to the Bill Eckert Trail Get your ticket at https://www.eventbrite.com/e/p-22-day-festival-vista-hike-with-biocitizen-la-tickets-196810233707
