SYSTEM- INPUT & PROCESS S.6.3.7. Multi-faith and Inter-faith Services

UNIVERSITY OF
SOUTHERN
MINDANAO

S.6.3.7. Multi-faith and Inter-faith Services

Student Handbook

- Job Information Program

The program is given to the graduating students with assistance of DOLE XII and other agencies. This aims to prepare them in meeting the challenges in the world of work.

- University Orientation Program

Program for new and transferee students aims to provide general information about the University and to help them get oriented in their new academic environment.

- Student Work Assistance Program (SWAP)

The SWAP facilitates the seeking of financial assistance for the needy students by referring them to work in faculty and staff homes.

STUDENT TESTING SERVICE

The Testing Service is given to either individuals or groups particularly to students who go into the guidance and counseling fields and the psychology students through the use of standardized instruments.

STUDENT DEVELOPMENT SERVICE

The Student Development Service is the training arm of OSA. This division complements the academic training of students whose objective is to help improve students leadership, self-management, organizational management and other development skills by implementing the various programs of OSA. This division hopes to achieve the University's mission of forming well-balanced students, who academically & skillfully prepared; responsive leaders, and effective individuals and members of society they belong.

CAMPUS MINISTRY

The Campus Ministry Program is an apostolate service to the entire University community which provides care and concern for persons by building and strengthening a community of faith, by celebrating the life of the community through the liturgy, and providing inputs to the policy and decision-making process of the University with regard to the religious activities.

It is one specific service of the University under the OSA that supervises and monitors its activities. Under this program, the following guidelines are hereby instituted:

1. The OSA allows recognized religious organizations to service members of their faith, strengthen religious beliefs and form values.
2. Religious organizations are allowed to implement their respective program of activities on spiritual formation provided such activities do not disturb academic classes or would not require one to be absent from classes.
