

Skyline High School Military Resources

Purple Star Program

Welcome to Skyline High School's Military Families Resources Page! As part of our commitment to supporting military families, we are proud to be a designated Purple Star School. This program is designed to recognize the unique challenges military families face, especially as they transition between duty stations. The resources and information provided here aim to help make this transition as smooth as possible.

What is the Purple Star Program?

The Purple Star Program is a state and national initiative that recognizes schools dedicated to supporting military-connected students and their families. These schools demonstrate a commitment to meeting the needs of military families, including providing information, resources, and programs tailored to their unique situations. At Skyline High School, we are committed to offering a welcoming environment and strong support for military students. We aim to provide a stable and enriching educational experience, regardless of the challenges that military life may bring.

Resources for Military Families

1. **Military Family Liaison** For assistance with anything related to your student's transition, contact our Military Family Liaison:
