SHOOTING SCRIPT TEMPLATE

A separate template should be used for each extract from an audio-visual production (prototype or mock-up). Complete each box in detail to describe your intentions. Boxes may be expanded if necessary.

Shot	**Length**	**Image description**	**Technical elements** (shots, angles, movement, editing, transitions)	**Audio** (TV: SFX, dialogue, VO, music. Music Video: song timings, lyrics)	**Notes** (e.g. character directions)
