

VIP CLUB

Verified Inverted Polers

Get your passports and time off work in advance

THIS IS JUST THE BEGINNING

- - - - X

First things first, we are getting our butts out of town. Events are often and fundraising is important to raise the money to go. Sharing the expense of transportation, AirBnB's Food and event tickets can be less costly if we book in groups. Besides as a dance studio Pole competitions, Pole Expositions, Conventions, Pole showcases and Pole

Camps is where we NEED to be in order to grow in this sport. I need you to participate in a private VIP club that brings all of this together. It won't take much of your time but collectively if you can work with one another with the tasks I delegate to you on a weekly basis we can meet a goal together as a team.

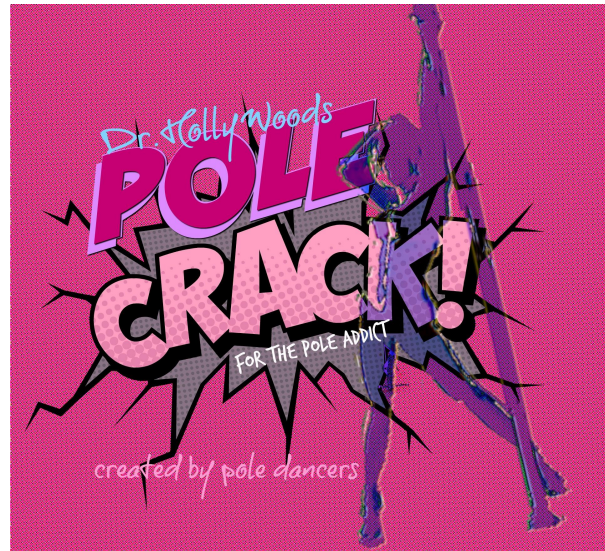

We need financing for projects we have coming up.

This club is a Student Government for the Academy of Aerial Arts N.E.

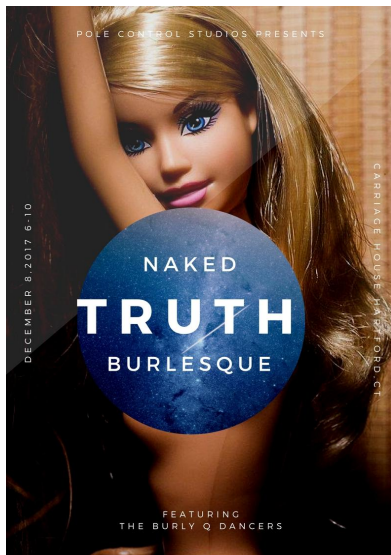

We have a small group of dedicated students and enthusiasts who run weekly meetings and collectively create a lifestyle setting for all students. Led by Holly Woods (President) we are a community based local club with common interest in pole and aerial events. Student Fundraisers, Events, Competitions, Girls Night Outs, Slumber Parties, ect raise money for the products and merchandise the group creates. That money funds trips, competition fees, and summer camps for VIP Club members. Some of the projects that need immediate funding and require sponsorship is:

A Pole Diva Travel game for Events & Parties

A personalized pole and aerial Grip aid made in the labs of PCS

This show has been postponed until 4/18/20

Another MissisWrite Publication coming soon
