

Will there be an LI (Love Interest) that doesn't identify as male?

All three LIs are male.

However, there is a Kickstarter reward for a custom Love Interest to be created, and a female or non-binary love interest is more than welcome if the backer(s) chooses so.

Are non-binary pronouns (e.g they/them) an option for the protagonist? Will Riley have a sprite?

Pronouns are customisable.

Riley will have a design with both a masculine and feminine variation, decided by either me or a Kickstarter backer who selects the corresponding tier. This design will only show up in CGs with Riley in them e.g kiss CGs with a LI.

You can mix and match either masculine/feminine variation with any pronouns you choose.

Minor dialogue changes dependent on gender and pronouns will only occur if a masculine Riley uses he/him pronouns and vice versa.

How many chapters will the game have?

There will be a total of five chapters.

Chapters 1 - 3 will be the Common Route, whereas Chapters 4 - 5 will have more LI-centric variations depending on which LI you are pursuing.

Is the game SFW?

Yes. There is ZERO sexual content.

However, the full game will feature mild depictions of blood, violence and character death. For a full list of potential triggers, see the Content Warnings section on [itch.io/in the Press Kit](https://itch.io/in-the-press-kit).

Is Felix Asian?

Felix's mother is Chinese and his father is American. Randall's father is Indonesian and his mother is Australian.

Are there any plans to release the game on platforms other than PC? What platforms will it be on?

Not at the moment.

On PC, it will be released on itch.io and Steam.

Are there plans to translate the game into other languages?

Not at the moment.

Are there plans to have voice acting?

I don't have the budget for voice acting at the moment. If there are voice actors willing to contribute partial voice lines or simple barks without being paid, feel free to contact me! Appropriate credit will, of course, be given.

May I record or stream playthroughs of the game?

Yes!

In fact, if you're a YouTuber or streamer, feel free to contact me at wholesomewraith@gmail.com or on Twitter to ask for a link to the press kit.

What's your policy on creating fanart/fan content?

Go ahead! Feel free to tag me on any social media if you do, I would be more than happy to see it.

When will the Kickstarter launch?

February 2023.
