IV. All the policies, including the federal and employee handbooks

B. Policy for classroom promotion at the end of the year (ex. Do they have to make a passing grade in Math and English or if they have an F in one subject but the teacher recommends promotion, language proficiency performance).

C. Policy for skipping a grade (i.e. what will we require for this to happen?). It needs to be very clear to parents as we are already getting requests.

V. Just an update, there are 84 applicants for kindergarten Chinese and 55 applicants for kindergarten Korean. We may need to confirm the number of classes we are open based on the teaching team and space on Sunday.

VI. Take some time (10-15 minutes) during the workshop about videos for marketing.

VII. Public Comments – second opportunity

VIII. Adjourn

## **Supporting Page**

We need to confirm the topic and then work on the script (scene, people to interview, the questions to ask, the answers to share...). I won't be able to get it done alone.

It would be better to have a team of two to three people working together.

The input I need include:

1. Topics
2. People to be interviewed
3. Time to shoot videos in classrooms and playground
4. Place to shoot for interviews.

These are the topics that I would like to cover for videos.
