

**International Medical University  
General medicine faculty  
Examination ticket №1**

1. Public health and public health is
2. Value of feed for a health and physical development of population
3. History of Epidemiology

**Head of department «MPiOZ» Duishenov A.J. \_\_\_\_\_**

**Deputy dean of Medical faculty Beishekeeva N.T. \_\_\_\_\_**

**International Medical University  
General medicine faculty  
Examination ticket №2**

1. Individual health is
2. Social problems of hygiene of fee
3. Disease frequency

**Head of department «MPiOZ» Duishenov A.J. \_\_\_\_\_**

**Deputy dean of Medical faculty Beishekeeva N.T. \_\_\_\_\_**

**International Medical University  
General medicine faculty  
Examination ticket №3**

1. Socio – economic factors
2. Basic principles of setting of norms of feed of population
3. Distribution of disease

**Head of department «MPiOZ» Duishenov A.J. \_\_\_\_\_**

**Deputy dean of Medical faculty Beishekeeva N.T. \_\_\_\_\_**

**International Medical University  
General medicine faculty  
Examination ticket №4**

1. Specify the correct definition of «public health»
2. Advantages(преимущества) of the natural rearing
3. Determinants of disease

**Head of department «MPiOZ» Duishenov A.J. \_\_\_\_\_**

**Deputy dean of Medical faculty Beishekeeva N.T. \_\_\_\_\_**

**International Medical University  
General medicine faculty  
Examination ticket №5**

1. The risk group for demographic characteristics includes
2. 5 the Basic exchange and power expenses of groups of population
3. Aims of epidemiology

**Head of department «MPiOZ» Duishenov A.J. \_\_\_\_\_**

**Deputy dean of Medical faculty Beishekeeva N.T. \_\_\_\_\_**

**International Medical University  
General medicine faculty  
Examination ticket №6**

1. Public health is an indicator of
2. the Balanced feed
3. Epidemiology and clinical medicine

**Head of department «MPiOZ» Duishenov A.J. \_\_\_\_\_**

**Deputy dean of Medical faculty Beishekeeva N.T. \_\_\_\_\_**

**International Medical University  
General medicine faculty  
Examination ticket №7**

1. According to WHO , public health should be considered as
2. Proteins, their nutritional and biological value.
3. Concept "epidemiology". Target, tasks, method and object of epidemiology

**Head of department «MPiOZ» Duishenov A.J. \_\_\_\_\_**

**Deputy dean of Medical faculty Beishekeeva N.T. \_\_\_\_\_**

**International Medical University  
General medicine faculty  
Examination ticket №8**

1. Quality of life is
2. Carbohydrates and their nutritional value.
3. Definition of epidemic process

**Head of department «MPiOZ» Duishenov A.J. \_\_\_\_\_**

**Deputy dean of Medical faculty Beishekeeva N.T. \_\_\_\_\_**

**International Medical University  
General medicine faculty  
Examination ticket №9**

1. The subject of public health and public health as a science shall be
2. The hygienic value of fats and minerals in the nutrition of the population.
3. Manifestation of epidemic process

**Head of department «MPiOZ» Duishenov A.J. \_\_\_\_\_**

**Deputy dean of Medical faculty Beishekeeva N.T. \_\_\_\_\_**

**International Medical University  
General medicine faculty  
Examination ticket №10**

1. The source of information for health statistics shall be
2. Diseases resulting from overweight, prevention
3. Links of chain “epidemic process”

**Head of department «MPiOZ» Duishenov A.J. \_\_\_\_\_**

**Deputy dean of Medical faculty Beishekeeva N.T. \_\_\_\_\_**

**International Medical University  
General medicine faculty  
Examination ticket №11**

1. Medical statistics are understood as
2. Nutrition and prevention of type II diabetes mellitus
3. Specific of infectious and un-infectious pathology

**Head of department «MPiOZ» Duishenov A.J. \_\_\_\_\_**

**Deputy dean of Medical faculty Beishekeeva N.T. \_\_\_\_\_**

**International Medical University  
General medicine faculty  
Examination ticket №12**

1. Sections of medical statistics
2. Nutrition and prevention of cardiovascular diseases
3. Definition of source (reservoir, host)

**Head of department «MPiOZ» Duishenov A.J. \_\_\_\_\_**

**Deputy dean of Medical faculty Beishekeeva N.T. \_\_\_\_\_**

**International Medical University  
General medicine faculty  
Examination ticket №13**

1. The subject of the study of medical statistics shall be
2. Nutritional prevention of cancer development
3. Modes of transmission.

**Head of department «MPiOZ» Duishenov A.J. \_\_\_\_\_**

**Deputy dean of Medical faculty Beishekeeva N.T. \_\_\_\_\_**

**International Medical University  
General medicine faculty  
Examination ticket №14**

1. Health statistics include
2. Nutrition and prevention of osteoporosis
3. Control of reservoir

**Head of department «MPiOZ» Duishenov A.J. \_\_\_\_\_**

**Deputy dean of Medical faculty Beishekeeva N.T. \_\_\_\_\_**

**International Medical University  
General medicine faculty  
Examination ticket №15**

1. Health statistics shall include
2. Nutrition and prevention of caries
3. Blocking mode of transmission

**Head of department «MPiOZ» Duishenov A.J. \_\_\_\_\_**

**Deputy dean of Medical faculty Beishekeeva N.T.\_\_\_\_\_**

**International Medical University  
General medicine faculty  
Examination ticket №16**

1. The source of information for population health statistics shall be
2. Classification of vitamins, and their nutritional value.
3. Checking susceptible host

**Head of department «MPiOZ» Duishenov A.J. \_\_\_\_\_**

**Deputy dean of Medical faculty Beishekeeva N.T.\_\_\_\_\_**

**International Medical University  
General medicine faculty  
Examination ticket №17**

1. . When studying the state of health of the population, the following types of relative indicators are used
2. Hypovitaminosis.
3. Disease elimination

**Head of department «MPiOZ» Duishenov A.J. \_\_\_\_\_**

**Deputy dean of Medical faculty Beishekeeva N.T.\_\_\_\_\_**

**International Medical University  
General medicine faculty  
Examination ticket №18**

1. Absolute values shall be applied
2. Food poisoning of microbial and non-microbial origin
3. Disease eradication

**Head of department «MPiOZ» Duishenov A.J. \_\_\_\_\_**

**Deputy dean of Medical faculty Beishekeeva N.T. \_\_\_\_\_**

**International Medical University  
General medicine faculty  
Examination ticket №19**

1. The extensive indicator reflects
2. Nonmicrobic food poisoning
3. Monitoring & Surveillance

**Head of department «MPiOZ» Duishenov A.J. \_\_\_\_\_**

**Deputy dean of Medical faculty Beishekeeva N.T. \_\_\_\_\_**

**International Medical University  
General medicine faculty  
Examination ticket №20**

1. The extensive indicator is calculated based on the following data
2. Microbial Poisoning
3. Disinfection is a process

**Head of department «MPiOZ» Duishenov A.J. \_\_\_\_\_**

**Deputy dean of Medical faculty Beishekeeva N.T. \_\_\_\_\_**

**International Medical University  
General medicine faculty  
Examination ticket №21**

1. Indicators of the distribution of the phenomenon include
2. Botulism, prevention
3. Sterilization is a process

**Head of department «MPiOZ» Duishenov A.J. \_\_\_\_\_**

**Deputy dean of Medical faculty Beishekeeva N.T. \_\_\_\_\_**

**International Medical University  
General medicine faculty  
Examination ticket №22**

1. Intensive indicator characterizes
2. Investigation of Food Poisoning
3. Epidemiological method

**Head of department «MPiOZ» Duishenov A.J. \_\_\_\_\_**

**Deputy dean of Medical faculty Beishekeeva N.T. \_\_\_\_\_**

**International Medical University  
General medicine faculty  
Examination ticket №23**

1. Data required for the calculation of intensive indicators
2. Goals and objectives of hygiene of children and adolescents
3. Basic measurements in Epidemiology

**Head of department «MPiOZ» Duishenov A.J. \_\_\_\_\_**

**Deputy dean of Medical faculty Beishekeeva N.T. \_\_\_\_\_**

**International Medical University  
General medicine faculty  
Examination ticket №24**

1. Intensive indicators are used in health care as

2. **ANATOMO-PHYSIOLOGICAL CHARACTERISTICS OF CHILDREN**

3. Tools of measurement (rates, ratio, proportions)

Head of department «MPiOZ» Duishenov A.J. \_\_\_\_\_

Deputy dean of Medical faculty Beishekeeva N.T. \_\_\_\_\_

**International Medical University  
General medicine faculty  
Examination ticket №25**

1. The ratio indicator is used in health care as
2. Ambient air pollution as an important hygienic and environmental problem
3. Incidence, prevalence

Head of department «MPiOZ» Duishenov A.J. \_\_\_\_\_

Deputy dean of Medical faculty Beishekeeva N.T. \_\_\_\_\_

**International Medical University  
General medicine faculty  
Examination ticket №26**

1. Intensity indicators characterizes
2. **SELF-CLEANING OF AIR**
3. Epidemiological observation

Head of department «MPiOZ» Duishenov A.J. \_\_\_\_\_

Deputy dean of Medical faculty Beishekeeva N.T. \_\_\_\_\_

**International Medical University  
General medicine faculty  
Examination ticket №27**

1. The provision of the population with medical personnel per 10,000 population shall be considered

2. Solar radiation and the reasons for its changes. Biological effects of solar radiation on the environment and human health. The use of ultraviolet radiation for preventive purposes.
3. Analytical epidemiological methods

**Head of department «MPiOZ» Duishenov A.J. \_\_\_\_\_**

**Deputy dean of Medical faculty Beishekeeva N.T. \_\_\_\_\_**

**International Medical University  
General medicine faculty  
Examination ticket №28**

1. The proportion of respiratory diseases in the «K» region is 32%, and in the «C» area – 22% among all diseases. Is it possible to assert that in the city «C» these diseases are less common
2. Hygienic Requirements to Drinking Water Quality
3. Case control study

**Head of department «MPiOZ» Duishenov A.J. \_\_\_\_\_**

**Deputy dean of Medical faculty Beishekeeva N.T. \_\_\_\_\_**

**International Medical University  
General medicine faculty  
Examination ticket №29**

1. An intensive indicators is an indicators that
2. Methods of Improving Water Quality
3. Cohort study

**Head of department «MPiOZ» Duishenov A.J. \_\_\_\_\_**

**Deputy dean of Medical faculty Beishekeeva N.T. \_\_\_\_\_**

**International Medical University  
General medicine faculty  
Examination ticket №30**

1. Intensive statistical indicators include
2. Hygienic Significance of Soil
3. Types of cohort studies

**Head of department «MPiOZ» Duishenov A.J. \_\_\_\_\_**

**Deputy dean of Medical faculty Beishekeeva N.T. \_\_\_\_\_**

**International Medical University  
General medicine faculty  
Examination ticket №31**

1. A ratio indicator is an indicator that
2. Value of feed for a health and physical development of population
3. Experimental epidemiological methods

**Head of department «MPiOZ» Duishenov A.J. \_\_\_\_\_**

**Deputy dean of Medical faculty Beishekeeva N.T. \_\_\_\_\_**

**International Medical University  
General medicine faculty  
Examination ticket №32**

1. The ratio indicators characterizes
2. Social problems of hygiene of feed

### 3. Randomized controlled trials (RCT)

**Head of department «MPiOZ» Duishenov A.J. \_\_\_\_\_**

**Deputy dean of Medical faculty Beishekeeva N.T. \_\_\_\_\_**

**International Medical University  
General medicine faculty  
Examination ticket №33**

1. An extensive indicators is an indicators that
2. Basic principles of setting of norms of feed of population
3. Non-randomized trials

**Head of department «MPiOZ» Duishenov A.J. \_\_\_\_\_**

**Deputy dean of Medical faculty Beishekeeva N.T. \_\_\_\_\_**

**International Medical University  
General medicine faculty  
Examination ticket №34**

1. A visibility indicator is an indicator is an indicator that
2. Advantages(преимущества) of the natural rearing
3. Clinical epidemiology

**Head of department «MPiOZ» Duishenov A.J. \_\_\_\_\_**

**Deputy dean of Medical faculty Beishekeeva N.T. \_\_\_\_\_**

**International Medical University  
General medicine faculty  
Examination ticket №35**

1. What indicators allow us to demonstrate shifts in time or territory without revealing the true level of this phenomenon?
2. the Basic exchange and power expenses of groups of population
3. Epidemiological analysis

**Head of department «MPiOZ» Duishenov A.J. \_\_\_\_\_**

**Deputy dean of Medical faculty Beishekeeva N.T. \_\_\_\_\_**

**International Medical University  
General medicine faculty  
Examination ticket №36**

1. Data necessary for calculating the indicator of provision of the population with beds
2. the Balanced feed
3. Epidemiological diagnostics

**Head of department «MPiOZ» Duishenov A.J. \_\_\_\_\_**

**Deputy dean of Medical faculty Beishekeeva N.T. \_\_\_\_\_**

**International Medical University  
General medicine faculty  
Examination ticket №37**

1. Select the options that correctly relate to the concept of absolute magnitude
2. Proteins, their nutritional and biological value.
3. Stages of epidemiological diagnostics

**Head of department «MPiOZ» Duishenov A.J. \_\_\_\_\_**

**Deputy dean of Medical faculty Beishekeeva N.T. \_\_\_\_\_**

**International Medical University**

**General medicine faculty  
Examination ticket №38**

1. Select from the list the types of relative values
2. Carbohydrates and their nutritional value.
3. The structure of epidemiological diagnostics

**Head of department «MPiOZ» Duishenov A.J. \_\_\_\_\_**

**Deputy dean of Medical faculty Beishekeeva N.T. \_\_\_\_\_**

**International Medical University  
General medicine faculty  
Examination ticket №39**

1. Extensive indicator characterizes
2. The hygienic value of fats and minerals in the nutrition of the population.
3. General characteristics group of intestinal infections

**Head of department «MPiOZ» Duishenov A.J. \_\_\_\_\_**

**Deputy dean of Medical faculty Beishekeeva N.T. \_\_\_\_\_**

**International Medical University  
General medicine faculty  
Examination ticket №40**

1. The following indicators shall be calculated per 100 patients
2. Diseases resulting from overweight, prevention
3. Epidemiology and prevention of hepatitis A and E

**Head of department «MPiOZ» Duishenov A.J. \_\_\_\_\_**

**Deputy dean of Medical faculty Beishekeeva N.T. \_\_\_\_\_**

**International Medical University  
General medicine faculty  
Examination ticket №41**

1. Which of the indicators is calculated by the formula in the numerator- part of the phenomenon, in the denominator-the whole phenomenon multiplied by 100
2. Nutrition and prevention of type II diabetes mellitus
3. Epidemiology and prevention of typhoid fever

**Head of department «MPiOZ» Duishenov A.J. \_\_\_\_\_**

**Deputy dean of Medical faculty Beishekeeva N.T. \_\_\_\_\_**

**International Medical University  
General medicine faculty  
Examination ticket №42**

1. What is the other name of the intensive indicator
2. Nutrition and prevention of cardiovascular diseases
3. Epidemiology and prevention of shigellosis

**Head of department «MPiOZ» Duishenov A.J. \_\_\_\_\_**

**Deputy dean of Medical faculty Beishekeeva N.T. \_\_\_\_\_**

**International Medical University  
General medicine faculty  
Examination ticket №43**

1. Improving the quality of medical care to the population is possible when the following activities are carried out
2. Nutritional prevention of cancer development
3. Epidemiology and prevention of salmonellosis

**Head of department «MPiOZ» Duishenov A.J. \_\_\_\_\_**

**Deputy dean of Medical faculty Beishekeeva N.T. \_\_\_\_\_**

**International Medical University  
General medicine faculty**

**Examination ticket №44**

1. Citizens can appeal against the actions of persons infringing on their rights and freedoms in the field
2. Nutrition and prevention of osteoporosis
3. Epidemiology and prevention of salmonellosis

**Head of department «MPiOZ» Duishenov A.J. \_\_\_\_\_**

**Deputy dean of Medical faculty Beishekeeva N.T. \_\_\_\_\_**

**International Medical University  
General medicine faculty  
Examination ticket №45**

1. The doctor's knowledge of the laws of personality formation allows
2. Nutrition and prevention of caries
3. Epidemiology and prevention of botulism

**Head of department «MPiOZ» Duishenov A.J. \_\_\_\_\_**

**Deputy dean of Medical faculty Beishekeeva N.T. \_\_\_\_\_**

**International Medical University  
General medicine faculty  
Examination ticket №46**

1. The methods of studying the subordinate, which are advisable to apply in medical institutions, include
2. Classification of vitamins, and their nutritional value.
3. Epidemiology and prevention of cholera,

**Head of department «MPiOZ» Duishenov A.J. \_\_\_\_\_**

**Deputy dean of Medical faculty Beishekeeva N.T. \_\_\_\_\_**

**International Medical University  
General medicine faculty  
Examination ticket №47**

1. Latrogenic diseases are
2. Hypovitaminosis.
3. Epidemiology and prevention of acute diarrheal infections

**Head of department «MPiOZ» Duishenov A.J. \_\_\_\_\_**

**Deputy dean of Medical faculty Beishekeeva N.T. \_\_\_\_\_**

**International Medical University  
General medicine faculty  
Examination ticket №48**

1. When providing medical and social assistance, the patient has the right
2. Food poisoning of microbial and non-microbial origin
3. Epidemiology and prevention of food poisoning

**Head of department «MPiOZ» Duishenov A.J. \_\_\_\_\_**

**Deputy dean of Medical faculty Beishekeeva N.T. \_\_\_\_\_**

**International Medical University  
General medicine faculty  
Examination ticket №49**

1. A doctor has the right to professional error insurance if
2. Nonmicrobic food poisoning
3. Epidemiology and prevention of amoebiasis

**Head of department «MPiOZ» Duishenov A.J. \_\_\_\_\_**

**Deputy dean of Medical faculty Beishekeeva N.T. \_\_\_\_\_**

**International Medical University**  
**General medicine faculty**  
**Examination ticket №50**

1. Medical ethics
2. Microbial Poisoning
3. Epidemiology and prevention of hookworm disease

**Head of department «MPiOZ» Duishenov A.J.** \_\_\_\_\_

**Deputy dean of Medical faculty Beishekeeva N.T.** \_\_\_\_\_

**International Medical University**  
**General medicine faculty**  
**Examination ticket №51**

1. Medical deontology is
2. Botulism, prevention
3. General characteristics of respiratory infections

**Head of department «MPiOZ» Duishenov A.J.** \_\_\_\_\_

**Deputy dean of Medical faculty Beishekeeva N.T.** \_\_\_\_\_

**International Medical University**  
**General medicine faculty**  
**Examination ticket №52**

1. The concept of “medical ethics” includes
2. Investigation of Food Poisoning
3. Epidemiology and prevention of diphtheria

**Head of department «MPiOZ» Duishenov A.J.** \_\_\_\_\_

**Deputy dean of Medical faculty Beishekeeva N.T.** \_\_\_\_\_

**International Medical University**  
**General medicine faculty**

**Examination ticket №53**

1. Which of the following models of the doctor – patient relationship is the most rational from the point of view of the interests of patients
2. Goals and objectives of hygiene of children and adolescents
3. Epidemiology and prevention of meningococcal disease

**Head of department «MPiOZ» Duishenov A.J. \_\_\_\_\_**

**Deputy dean of Medical faculty Beishekeeva N.T. \_\_\_\_\_**

**International Medical University  
General medicine faculty  
Examination ticket №54**

1. Does the administration have the right to dismiss for a single absenteeism ?
2. . Methods of Improving Water Quality
3. Immunizing agents (antisera)

**Head of department «MPiOZ» Duishenov A.J. \_\_\_\_\_**

**Deputy dean of Medical faculty Beishekeeva N.T. \_\_\_\_\_**

**General medicine faculty  
Examination ticket №55**

1. What kind of relationships are the norms and principles of medical ethics and deontology
2. ANATOMO-PHYSIOLOGICAL CHARACTERISTICS OF CHILDREN
3. Epidemiology and prevention of measles

**Head of department «MPiOZ» Duishenov A.J. \_\_\_\_\_**

**Deputy dean of Medical faculty Beishekeeva N.T. \_\_\_\_\_**

**International Medical University  
General medicine faculty  
Examination ticket №56**

1. What is the subject of medical secrecy
2. Ambient air pollution as an important hygienic and environmental problem
3. Epidemiology and prevention of mumps

**Head of department «MPiOZ» Duishenov A.J. \_\_\_\_\_**

**Deputy dean of Medical faculty Beishekeeva N.T. \_\_\_\_\_**

**International Medical University  
General medicine faculty  
Examination ticket №57**

1. Observance of medical secrecy is necessary for
2. SELF-CLEANING OF AIR
3. Epidemiology and prevention of rubella

**Head of department «MPiOZ» Duishenov A.J. \_\_\_\_\_**

**Deputy dean of Medical faculty Beishekeeva N.T. \_\_\_\_\_**

**International Medical University  
General medicine faculty**

**Examination ticket №58**

1. Under what circumstances is it allowed to provide information constituting a medical secret, without the condition
2. Solar radiation and the reasons for its changes. Biological effects of solar radiation on the environment and human health. The use of ultraviolet radiation for preventive purposes.
3. Epidemiology and prevention of influenza

**Head of department «MPiOZ» Duishenov A.J. \_\_\_\_\_**

**Deputy dean of Medical faculty Beishekeeva N.T. \_\_\_\_\_**

**International Medical University**

**General medicine faculty**

**Examination ticket №59**

1. Which of the following definitions is more consistent with the concept of «bioethics»
2. Methods of Improving Water Quality
3. Epidemiology and prevention of whooping cough

**Head of department «MPiOZ» Duishenov A.J. \_\_\_\_\_**

**Deputy dean of Medical faculty Beishekeeva N.T. \_\_\_\_\_**

**International Medical University**

**General medicine faculty**

**Examination ticket №60**

1. Is euthanasia (artificial approach of death at the request of the patient ) allowed by the legislation on healthcare?
2. Hygienic Significance of Soil
3. Epidemiology and prevention chickenpox

**Head of department «MPiOZ» Duishenov A.J. \_\_\_\_\_**

**Deputy dean of Medical faculty Beishekeeva N.T. \_\_\_\_\_**

**International Medical University  
General medicine faculty  
Examination ticket №61**

1. At what period of pregnancy is abortion allowed at the request of a woman?
2. Value of feed for a health and physical development of population
3. Epidemiology and prevention acute respiratory infections

**Head of department «MPiOZ» Duishenov A.J. \_\_\_\_\_**

**Deputy dean of Medical faculty Beishekeeva N.T. \_\_\_\_\_**

**International Medical University  
General medicine faculty  
Examination ticket №62**

1. Is the information about the fertilization performed, about the identity of the donor, a medical secret ?
2. Is informing the voluntary consent of the patient (or trusted persons) a necessary precondition for medical intervention ?
3. Epidemiology and prevention COVID19

**Head of department «MPiOZ» Duishenov A.J. \_\_\_\_\_**

**Deputy dean of Medical faculty Beishekeeva N.T. \_\_\_\_\_**

**International Medical University  
General medicine faculty  
Examination ticket №63**

1. Is it the function of the head of the medical institution to manage the ethical situation in the team?
2. Social problems of hygiene of feed
3. General characteristics group of blood borne infections

**Head of department «MPiOZ» Duishenov A.J. \_\_\_\_\_**

**Deputy dean of Medical faculty Beishekeeva N.T. \_\_\_\_\_**

**International Medical University  
General medicine faculty  
Examination ticket №64**

1. What is included in the concept of «legal entity»?
2. Basic principles of setting of norms of feed of population
3. Epidemiology and prevention of viral hepatitis B

**Head of department «MPiOZ» Duishenov A.J. \_\_\_\_\_**

**Deputy dean of Medical faculty Beishekeeva N.T. \_\_\_\_\_**

**International Medical University  
General medicine faculty  
Examination ticket №65**

1. Specify in which case a contract (contract-contract) is concluded with the employee?
2. Advantages(преимущества) of the natural rearing
3. Epidemiology and prevention of viral hepatitis C

**Head of department «MPiOZ» Duishenov A.J. \_\_\_\_\_**

**Deputy dean of Medical faculty Beishekeeva N.T.\_\_\_\_\_**

**International Medical University  
General medicine faculty  
Examination ticket №66**

1. When is it allowed to replace vacation with monetary compensation?
2. the Basic exchange and power expenses of groups of population
3. Epidemiology and prevention of viral hepatitis D

**Head of department «MPiOZ» Duishenov A.J. \_\_\_\_\_**

**Deputy dean of Medical faculty Beishekeeva N.T.\_\_\_\_\_**

**International Medical University  
General medicine faculty  
Examination ticket №67**

1. Who has the right to be an attending physician ?
2. the Balanced feed
3. Classification of nosocomial infections

**Head of department «MPiOZ» Duishenov A.J. \_\_\_\_\_**

**Deputy dean of Medical faculty Beishekeeva N.T.\_\_\_\_\_**

**International Medical University**  
**General medicine faculty**  
**Examination ticket №68**

1. In what cases is it possible to temporarily transfer an employee to another job without his consent ?
2. Proteins, their nutritional and biological value.
3. Epidemiology and control of nosocomial infections

**Head of department «MPiOZ» Duishenov A.J. \_\_\_\_\_**

**Deputy dean of Medical faculty Beishekeeva N.T. \_\_\_\_\_**

**International Medical University**  
**General medicine faculty**  
**Examination ticket №69**

1. Should the administration warn the employee about changing the terms of the employment contract?
2. . Carbohydrates and their nutritional value.
3. Surveillance of nosocomial infection

**Head of department «MPiOZ» Duishenov A.J. \_\_\_\_\_**

**Deputy dean of Medical faculty Beishekeeva N.T. \_\_\_\_\_**

**International Medical University**  
**General medicine faculty**  
**Examination ticket №70**

1. The following structures are not included in the healthcare system (state , municipal)
2. The hygienic value of fats and minerals in the nutrition of the population.
3. Types of acquired immunity

**Head of department «MPiOZ» Duishenov A.J. \_\_\_\_\_**

**Deputy dean of Medical faculty Beishekeeva N.T. \_\_\_\_\_**
