Conna National School Policy on the Role of Special Needs Assistants (SNAs)

Introduction

Conna National School is committed to providing a safe, inclusive, and supportive learning environment for all pupils. Special Needs Assistants (SNAs) play a vital role in supporting the care needs of pupils with additional needs, enabling them to access the curriculum and participate fully in school life. This policy outlines the role, responsibilities, and expectations of SNAs in our school.

Rationale

This policy has been developed to:

- Clarify the role of SNAs within the school.
- Ensure consistency and transparency in the deployment of SNAs.
- Support the effective integration of pupils with additional needs.
- Uphold Department of Education and NCSE guidelines regarding SNA allocation and duties.

Role of the SNA

The role of the SNA is primarily a care role, supporting pupils with additional care needs so they can engage with the learning environment as independently as possible. The SNA works under the guidance of the Principal and class teachers and forms an important part of the school team. SNAs do not have a teaching role but assist in creating a safe and supportive environment.

Duties of the SNA

In line with DES Circulars (e.g. 0030/2014), duties may include:

- Assisting pupils with physical, sensory, or medical needs (e.g., toileting, mobility, feeding, hygiene).
- Supporting pupils with behavioural or emotional needs to ensure safety and inclusion.
- Assisting pupils with accessing equipment, technology, or materials required for learning.
- Promoting independence and social interaction among pupils.
