

License:

*The user have the permission to use the assests commercially for any purpose including games and you must give appropriate credits to the author (here: k-studios).

*

You have all the rights to remix and transform assets that are included in the library.

*Reselling of the model from the library is strictly prohibited (but you can use them in your games which you sell online).

*You can share the files in the form of images , videos , gifs but you must not share in 3d editable formats to a third party member.(you can share the 3D editable formats among your studio members).

*Once you have purchased the addon you can use the assets as many times as you want in any of your 3d projects.

*

If you need any additional permission or information you can contact:
kstudios6868@gmail.com we are ready to help you.
