

## **Tech Talk**

### **CSE**

AI; Blockchain technology, Cyber security, cloud computing

### **AIML**

Deep learning, Natural language processing: Computer vision.

### **Data Science**

Big Data Analytics, Predictive modelling; Data visualization

### **ECE**

Internet of Things (IOT), 5G, 6G Technologies, Embedded system

### **Mechanical**

Robotics & Automation. Computer-Aided design (CAD); Sustainable Energy systems.

### **EEE**

Power Electronics; Control systems; Renewable Energy systems.

### **Civil**

Iconic towers; Drone surveying.

### **Agriculture**

AI and IoT transforming the agriculture.
