Assumption Investigation

Welcome to our classroom! As you look around, you'll notice that it's mostly filled with my things. That will change as the year goes on, and this space becomes yours as well. For now though, you can get to know a lot about me as you explore this room.

RI/RL.9.1: I can cite strong evidence to support my inferences.

Directions: With your tablemates, travel around the room to learn as much about your teacher as possible. Explain as many assumptions as you can within the time limit. The team with the highest number of accurate assumptions wins! Be sure to use the sentence stems provided!

Item you found (describe)	What assumption can you make about your teacher based on this item?	Why did you make that assumption?	Was your assumption correct? (leave this column blank until we discuss)
We found...	We can assume that...	We made that assumption because...	Our assumption was...
