## Medical Bill of 430 ES

Introduced in the Duma.

An act to advise the Crown to clarify in HC on the topic of the public Hospital of St. Amyas and their rights and duties

---

### INTRODUCTION

This bill serves to advise the Crown to clarify in the Haurul Caezk on the topic of the public Hospital of St. Amyas and their rights and duties

### I. Necessary Definitions

- Hospital: A **Hospital** is a health facility that is focused on medical treatment of patients.
- Medic: A **Medic** is a person involved and trained in medicine such as a doctor, physician, apprentice or a combat medic.
- Malpractice: A person who fails in their professional duty to exercise an ordinary degree of professional skill or learning by one rendering professional services with results in injury, loss or damage.

### II. Amendments

Amendments to be added to the Haurul Caezk:

**Law of the Kingdom**

**JURA I KONGZEM**

**Hospital of St. Amyas**

### XXX

The Hospital of St. Amyas is a body containing medically trained people with the Surgeon General as its head of authority with the purpose of treating the injured and the ill.

### XXXI

A medic shall treat any patient with need while taking into account the severity of the situation and their and the patient's safety.

## Law of Crime

### JURA I KRIMA

### XXXIII

Let a professional providing public services who neglects their duties, avoids appropriate action or gives substandard treatment that causes harm, injury or death to a patient shall be guilty of Malpractice.

### XXXIV

Let he who disrupts a professional providing public services be guilty of Sabotage.

## III. Advice to the Crown

- Due to the fact a policy is not legally binding and therefore the medics of the Hospital of St. Amyas not having any proper rights or duties besides a policy, I have seen it fit with advice from the current late Surgeon General and the late Lord Justiciar to write up a new code to be entered into the Haurul Caezk.

Introduced in Duma by Royal Alderwoman Erika Vatornik on 430 ES.
