Day In The Life

Make it as vivid as possible. What does he FEEL like as he goes through each part of his day? Add images vision board style. Use the first person and present tense, i.e. "I walk through the streets..."

- Ceferino Sanchez starts his day of conquest by waking up before the break of sun at 4am. He starts his day off by a challenging and rigorous workout until there is no more sweat to drop and no more breaths to take. After his workout he begins his day with a plan and lookover of his goals showing what he needs to accomplish for the day and who he is working to become. Then he begins his G work sessions by studying, learning, and creating copy to become the best in the market to then outreach to prospects and land a client to start making money.
