To Whom It May Concern,

I am writing to inquire about possible employment opportunities at Mars Medical Group. I am currently a physician assistant student at the University of Southern California Keck School of Medicine Physician Assistant Program with plans to graduate and board certify in May.

I will be relocating to your area after graduation and hope to work full-time in internal medicine. During PA school, I have been given the opportunity to spend over 3 months in internal medicine and family medicine settings. These experiences have allowed me to work alongside physicians and gain the knowledge necessary to succeed in this field. While I am a new graduate, I believe my experience on clinical rotations, strong work ethic, and passion for continual learning make me qualified for this position.

Please find enclosed a copy of my resume for your review. I am available at your convenience to discuss any possible employment opportunities.

Thank you for your time and consideration. I look forward to hearing from you soon.

Kindest Regards,

Vicky Pittman
