

The Hyku for Consortia project has utilized Basecamp as a community discussion site. Within the Hyku Commons Basecamp, users can find collections of documentation, links to video demos and presentations, and access message boards for asking questions and sharing experiences and advice for other users. Administrators can also make announcements and schedule events like user group meetings.

A screenshot of the Hyku Commons Basecamp interface. The header shows the title "Hyku Commons" and a row of user avatars. Below the header, the interface is divided into several sections: "Welcome!" with a welcome message and a "Basecamp Visual Guide.pdf" link; "Using Hyku Commons" with links to "Finding Help for Hyku Commons", "Onboarding", and "Hyku Commons User Guide"; "Message Board" with a list of recent messages including "March User Meeting this Friday", "Metadata updates and Batch Importing", and "Recording/Notes from February User Group Meeting"; "Enhancement Requests" with a list of requests such as "Thumbnail - Institutional Only Content for Public" and "Date filter"; "Docs & Files" with links to "Patch Notes and Documentation", "For use in Hyku", "Meeting Notes and Agendas", "Presentations and Webinars", "UX work", and "Directory"; and "Campfire" with a chat icon and the text "Chat casually with the group, ask random questions, and share stuff without ceremony."
