Subject: Internship Application at Vonda

Dear Vonda Recruitment Team,

My name is **Surafel**, and I am writing to express my interest in an internship opportunity at **Vonda**. The intersection of software automation and real-world problem-solving is where today's innovation thrives, and contributing to that space through meaningful development work is a driving motivation.

Hands-on experience developing a **product data management system for the textile industry** and developing websites for **a restaurant** and **a business consulting firm**. Proficiency spans **CSS, HTML, PHP, and MySQL**, with ongoing specialization in **Javascript and Python** to expand full-stack capabilities.

Currently enrolled in the **CodingYourFuture** boot camp, I am receiving formal, intensive training designed to bridge theory with practical application as an essential foundation for becoming a high-impact software developer. Long-term Long-term ambitions center on mastering **DApps and full-stack application development** design and contributing to complex, scalable solutions across the full development stack.

Vonda's commitment to innovation and excellence creates an inspiring environment where technical growth, creative problem-solving, and meaningful contribution are truly possible. Known for reliability, discipline, and collaborative spirit, I take initiative readily and approach tasks with persistence and structured focus.

An internship at Vonda represents not only a chance to contribute technical skills and fresh perspective, but also to learn from a team that is shaping industry-leading solutions.

Thank you for considering my application. I would be pleased to further discuss how my experience, enthusiasm, and adaptability can support the goals of your team.

Best regards,
 Surafel Workneh
