# Coder Monster

Play

Turn your 123 Robot into a monster with moves.
	Make your monster a face and arms. Optional: You can use VEX Go parts to make a monster or art supplies.
	Put them on the ⭕. Put it on your 123 Robot.
act happy 😀 **act crazy** 😜 OR **turn left** ↰ **turn around** ↱	Make your monster move, glow, and talk.
glow purple OR **glow green** OR **glow blue** OR **play random** 🔊? **play crash** 🔊	
	Press the Start button. Say hi to your monster!
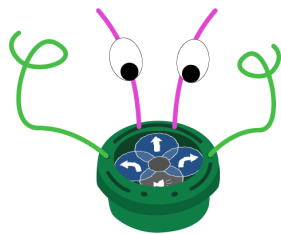

Challenge

My Name is...	**Go to Sleep...**
Give your monster a name, and write about who it is and what it likes.	Add Wait cards to make your monster "sleep" in the middle of its code.

Standard: CSTA 1A-AP-10: Develop programs with sequences and simple loops, to express ideas or address a problem.
