

## Extended Learning Opportunity Program

The following are descriptions of clubs, sports, and tutoring programs that may or may not be offered during the school year. Availability of these opportunities will depend on factors such as staffing, resources, and student interest. Not all of these programs will be available every year.

### Beginning Band

Join the Beginning Band to start your musical journey! This club is perfect for students new to band instruments. You'll learn the basics of playing your chosen instrument, reading music, and performing simple pieces. No prior experience is required—just bring your enthusiasm and a love for music!

\* Please note Beginning Band is for students who have never played or participated in the Band club

### Advanced Band

The Advanced Band is for students with previous band experience looking to refine their skills. You'll tackle more complex compositions, enhance your technical abilities, and perform at various school events and concerts. If you're passionate about music and ready for a challenge, this club is for you!

\* Please note Advanced Band is for students that have previously participated in Band and have experience playing an instrument

### Color Guard

Join the Color Guard and shine! This visually stunning club combines dance, flag work, and choreography for dynamic performances. Improve coordination, rhythm, and expressiveness while enhancing the school's marching band shows.

### Drumline

The Drumline is all about rhythm and energy! If you love percussion and want to play a variety of drums and percussion instruments, this is your

club. You'll practice intricate drum patterns, perform at school events, and be a key part of our school's music programs.

### Science Olympiad

Put your science skills to the test with Science Olympiad! This club competes in various science-related events, earth science, chemistry, anatomy, physics, geology, mechanical engineering, and technology. By combining events from all disciplines, Science Olympiad encourages a wide cross-section of students to get involved. Emphasis is placed on active, hands-on group participation. Whether you're a budding scientist or just curious about the world, you'll enjoy hands-on experiments and collaborative challenges.

### Photography

Whether you're a seasoned photographer or just starting, our club is the perfect place to explore the art of photography. We focus on developing technical skills, sharing tips and tricks, and fostering a love for capturing the world through the camera. Join us for exciting photo walks, hands-on workshops, and collaborative projects. Together, we'll experiment with different styles, techniques, and genres, from portraits and landscapes to street photography and beyond.

### Yearbook/Yearbook Photo Club

Capture the memories of the school year with the Yearbook Club! You'll work on designing, editing, and creating the annual yearbook. This club is ideal for students interested in photography, graphic design, writing, and documenting school events and milestones.

### Debate

Sharpen your arguments and public speaking skills in the Debate Club! You'll engage in structured debates on various topics, learn to build persuasive arguments and develop critical thinking skills. This club is

perfect for students who enjoy discussing ideas and advocating for their perspectives. Joining the Debate Club requires a strong commitment, as students are expected to research topics and write speeches for their debates. Both students and their parents should fully understand the responsibilities involved and be prepared to meet all debate obligations. Active participation, both individually and collaboratively, during weekly meetings is essential for the success of our Debate team. For the 2024-25 school year, students will participate in three debates (dates TBD).

### Cheer

Get involved in school spirit with the Cheer Club! You'll learn cheerleading routines and chants while supporting school events and teams. This energetic club is a great way to stay active, work as a team, and boost school morale. This club will have weekend events throughout the year.

### Lego Robotics

Explore the world of robotics with Lego Robotics! This club combines creativity and technology as you build and program Lego robots to complete various challenges. It's a fantastic opportunity to develop problem-solving skills and get hands-on experience with engineering concepts.

### Art Masters

Unleash your creativity in the Art Masters Club! Whether you're passionate about painting, drawing, sculpture, or mixed media, this club offers a space to explore different artistic techniques and projects. Share your work, collaborate with fellow artists, and develop your unique style.

### Crazy 8's

Dive into fun and creative math activities with Crazy 8's! This club offers a unique approach to learning math through engaging games, challenges, and hands-on projects. It's perfect for students who love problem-solving and want to explore math in a lively and interactive way.

### Volleyball

The Volleyball Club is dedicated to promoting teamwork, athleticism, and sportsmanship through the exciting and fast-paced game of volleyball. Members will have the opportunity to improve their skills, compete in matches, and develop a strong sense of camaraderie with their teammates.

### Cross Country

The Cross Country Club is designed for students who enjoy running and want to challenge themselves in a supportive and competitive environment. The club focuses on building endurance, improving running technique, and fostering a love for the sport. There will be running events throughout the season.

### The Art of Chinese Calligraphy

In The Art of Writing Club, students will learn about Chinese brush pen calligraphy. It is a great way for beginning learners to know more about Chinese characters. The different brushstrokes are used to create different types of lines, such as thin, thick, flowing, or abrupt. The balance and harmony between these strokes are essential in creating a visually pleasing piece of calligraphy.

### Tutoring

Welcome to Wolfpack Scholars Academy our fun and friendly after-school tutoring program! Our ASA Wolves will enjoy personalized learning sessions, engaging activities, and supportive staff members, all designed to help them excel academically and build confidence.

### Soccer Club

The Soccer Club is where passion, teamwork, and skill come together! Whether you're a seasoned player or just starting, we offer a fun and competitive environment for all. Students will focus on improving their technique, strategy, and fitness. Be part of a team that values sportsmanship, growth, and the love of the game.

### Pickleball

Discover the excitement of pickleball, a fast-paced and easy-to-learn sport that combines elements of tennis, badminton, and ping-pong. Played on a smaller court with a paddle and a lightweight ball, pickleball is perfect for players of all ages and skill levels. Whether you're new to the game or a seasoned pro, our club offers a welcoming environment with regular games, friendly matches, and skill-building clinics. Enjoy the thrill of competition and the joy of community.

### Esports

Whether you're a casual gamer or aspiring to go pro, our club offers a fun and inclusive environment for gamers of all skill levels. Join us to compete in popular games, and improve your skills through teamwork and strategy. In addition to playing games, we focus on building sportsmanship, leadership, and communication skills. Our members also explore the growing world of esports, from game development to streaming and casting.

### The Flavor Lab

In our club, kids will learn how to create fun and simple recipes while developing important kitchen skills. From decorating cupcakes to making delicious snacks, each session is a hands-on adventure in cooking! We'll explore new flavors, experiment with ingredients, and most importantly, have fun in the kitchen. Join us to make tasty treats, build confidence, and discover the joy of cooking with friends!

### Chinese Storytelling

Discover the magic of storytelling in the Chinese Storytelling Club! This club is a fun and engaging space where we explore traditional Chinese tales, folklore, and legends, as well as modern stories. Whether you're interested in listening to captivating stories or sharing your own, this club is

perfect for anyone who loves storytelling and wants to learn more about Chinese culture. Through interactive activities, games, and performances, we'll bring these stories to life while improving our language skills and cultural understanding.

### Skill Builders

Play & Learn Explorers is a dynamic and interactive club for young students to explore the joy of learning through play. Our club believes play is a powerful tool for fostering children's creativity, problem-solving, and social skills. By engaging in various hands-on activities, games, and imaginative play, students will develop essential academic and life skills in a fun and supportive environment.

### Crazy Contraptions

Crazy Contraptions Club is an exciting and creative hands-on club where students design and build intricate chain-reaction machines, known as Rube Goldberg machines, to perform simple tasks in the most imaginative and complex ways possible! Whether you're a budding engineer, a problem-solver, or just love inventing fun contraptions, Crazy Contraptions is the perfect club for you. Challenge your creativity, collaborate with teammates, and bring your wildest ideas to life as you compete to build the most elaborate machine. Expect lots of fun, teamwork, and out-of-the-box thinking!

### Basketball

The Basketball Club is a high-energy, team-focused space for students who love the game and want to sharpen their skills both on and off the court. Open to players of all levels, the club offers practice sessions, friendly matches, and skill-building drills to enhance teamwork, strategy, and athleticism. Beyond the game, members build resilience, discipline, and camaraderie, fostering a supportive community united by a passion for basketball

### Folklorico

The Folklórico Club celebrates the rich tradition and vibrant culture of folkloric dance. Open to students of all skill levels, this club provides a welcoming space to learn traditional dances, explore cultural heritage, and perform with pride and passion. Members practice techniques, master choreography, and showcase their talent through performances that highlight the beauty and diversity of folkloric art.

### Orchestra

The Orchestra Club is a harmonious community for students passionate about music and eager to develop their instrumental skills. Whether you're a seasoned musician or just starting out, this club offers a welcoming space to explore diverse musical styles, collaborate with fellow performers, and refine your craft. Through rehearsals, performances, and special workshops, members work together to create beautiful music and bring artistic expression to life

### Student Leadership

The Student Leadership Club is a dynamic space where students learn to lead with purpose, integrity, and confidence. Through hands-on projects, team-building activities, and leadership training, members develop the skills to inspire others, solve problems, and make a meaningful impact in their school and community. This club empowers students to take initiative, collaborate effectively, and embrace responsibility as they grow into tomorrow's leaders.

### EmpowerMinds

EmpowerMinds is a vibrant and supportive student club dedicated to helping individuals build self-confidence, discover their strengths, and unlock their full potential. Through engaging activities, workshops, and peer support, members are encouraged to set goals, celebrate personal growth, and overcome challenges in a positive and uplifting environment. The club fosters a sense of community where students can explore their unique talents, develop leadership skills, and inspire one another to achieve

greatness. Join EmpowerMinds and be part of a journey toward self-discovery, empowerment, and lasting confidence!

Folk Dance( Happy Angels, Tea Dance)

**Chinese Folk Dance** is a vibrant art form that reflects the rich history, traditions, and diverse cultures of China. Chinese folk dance combines elegance with storytelling. Performed at celebrations, ceremonies, and cultural events, Chinese folk dance continues to connect generations while honoring the beauty and spirit of Chinese heritage.

Wolf Pup Games/ Wolf Games

The Wolf Pup Club is all about teamwork, energy, and fun! This session will focus on Olympic-style games where students get to participate in exciting activities that challenge their speed, strength, and problem-solving skills. From relay races and obstacle courses to cooperative team challenges, students will learn the importance of sportsmanship, perseverance, and working together. Each week, students will have opportunities to practice new skills, build confidence, and celebrate their achievements with their peers. The club encourages a positive, supportive environment where every “Wolf Pup” can shine, no matter their skill level.
