

## **Guest Accommodations**

August 31st - September 3rd, 2023

Thursday - Sunday

We recommend that you find accommodations close to the venue on the night of the wedding. The roads can be dark and windy as we are near the Cascades Mountains.

### **Wallace Falls state park cabins**

These are in a great location about 5-10 minute walk away from the Lodge. Note these are very rustic, like camping and do not include linens, please read all the info before booking. These book very far out, so if you are interested please book soon.

### **Airbnb**

Gold Bar and the surrounding towns have plenty of great options for Airbnb. Accommodations in this area book well in advance. We curated a list of places with 20 mins of the view, include wifi and that have good reviews
