

SL - Get more patients!

Hi Dr. Vivien,

Here's how you can get more patients to book their first appointment with your clinic.

You can run Facebook ads and phrase them in a way that piques curiosity in the readers' minds to get them over the edge and book their first appointment.

I'll create 2 ads a week to take some stress off you and help you focus more on your patients.

Here's a testimonial from my previous client so that you know I deliver results. [Ved testimonial](#)

If you're interested, we can hop on a Zoom call sometime this week or go back and forth via DM.
