

Outreach for Life Advice youtuber

hello,

I wanted to reach out to you because I really like the brand that you are creating and the following that you are amassing, it's impressive how much you've been able to grow in such a short time.

The message you are sending to teens and young men is exactly what is needed right now, and I can help you deliver that message to an even broader audience faster, and in turn, create you more revenue

I am a copywriter/digital marketing consultant and was interested to see if you would be a good fit for me to work with.

I have a few ideas on how you can grow your influence and would be willing to hop on a call with you if you're serious about scaling your business

To show you that I know my stuff,

Let me give you a free tip:

Search Engine Optimization and applying it properly is important.

Your video, 'show dominance without saying anything (Must Know)' is only 2 months old and already has over 800k views, and that's not an accident.

2 months ago 'dominance' was a highly searched word, and the algorithm showed your video because of it.

You also made a video, 'Become a playboy or loverboy? (Deep Analysis)' 2 months ago which didn't land anywhere close to 800k, but why is that?

Playboy nor Loverboy is a popular search term, and grammar is also important in improving the SEO.

If it would have been something like; 'Dating Tips For Men - Deep analysis of the playboy and loverboy lifestyles', I guarantee you'd have made more views.

If you take this knowledge and run with it, you will see your sub count and profit rise substantially, however; if you'd like to make your channel into your career and make millions, send me an email and we can set up a time and date to chat.

All the best,

Isaiah
