

DARIAH-EU Annual Event: 26-27 April, Berlin, Germany

Harnack House of the Max Planck Society,
Innstraße 16-20, 14195 Berlin

Please note: The programme is updated regularly. This version was published 18 April 2017.

Important notice: change in programme

Unfortunately, the workshop "What knows DARIAH about DARIAH? Research Information in and about DARIAH" had to be cancelled. We are very grateful to Raphael Ritz, member of the RDA, who kindly agreed to offer an excellent alternative workshop: "The Research Data Alliance (RDA) and sustainable research data sharing".
