

# Teacher/Staff Goodbye Survey

By: Jossie D.

This year Milford high has to say goodbye to Mrs. Gina Mayer, Mr. Jeep Spaulding,and Miss Courtney Carter. I asked them some questions; here are their responses.

- Miss Carter
- Favorite MHS memory as a staff member: All the activities I got to be involved with.
  - Advice for students going forward: Enjoy high school because it goes way too fast.
  - Summary of job title: Taking care of the chromebooks, the library, and testing.

- Gina Mayer
- Favorite MHS Memory: 9-11 football game Milford vs Beaver (flag presentation)
  - Advice for students going forward: Remember we all have to do hard things in life. Hard things make us grow and get us out of our comfort zone. If it scares you....you probably should do it
  - Summary of job title: Financial Secretary, Milford High School.

- Mr. Spaulding
- Favorite MHS memory as a staff member: It would be difficult to pick just one favorite memory as a staff member, but I would like to say that among my favorite memories involve the great friendships I have developed over the years with teachers that have come and gone and still remain. I love the inside jokes and the camaraderie that we share. I really like how we do our MHS graduation ceremony and get to congratulate the students.
  - Advice for students going forward: Any advice that I have for students going forward is to play the long game, but don't forget to be happy now. To clarify, pick a job, career, training path, college, and friends that fit in with your long term goals that will hopefully bring you the most happiness. However, don't be so serious and focused that you forget to enjoy friends, activities and happiness now while you are young and energetic. Go out and become something you can be proud of and have some fun doing it.
  - Summary of job title: I don't know how to summarize my current job title, but here are some things I have done this year: Business/Computer CTE teacher, yearbook adviser, FBLA adviser, sport live stream coordinator, cross country coach, basketball coach, district technology specialist.

Milford High wants to thank each one of these individuals for everything they have done! We are all going to miss you guys so much!
