

[fireplace ambience] This is them? **[grunt in agreement]** Leave us. I think I would like to have some alone time to get to know this sweetheart a little bit better. **[heavy footsteps // door close]** Not what you expected? This is my more human form. Didn't want to scare you with the sheer size of my dragon body. This will be better for me to get a good look at you anyways. **[footsteps]** Cute face. Nice body. You smell nice as well, that's always a positive. Gorgeous eyes, kissable lips, and good shaped nose. I quite like how you look, sweetheart. You'll be residing here with me until we hear correspondence from your kingdom. In the meantime, you'll remain by my side. I don't trust you to wander around these halls without supervision. While I would like to believe I can trust my guards, I know that a good sob story works on most people. That's why I'm keeping you with me. You are merely a pawn in this game. A piece I borrowed from the other side in this game of chess. Do you think your kingdom is going to make a move to save you, sweetheart?

...I'm not so sure. Yes, you have some sort of status, some sort of value as you are a part of the court. But are you a high ranking member of the court? Are you someone they would deem worthy of rescuing? They were the ones that told some other places that we are dragons in disguise. Imagine my surprise to hearing that when your kingdom was the only one that knew about our hidden in plain sight plan. Since our kingdoms are such good friends, I figured there would be no harm or foul in borrowing such a lovely court member. You'll look gorgeous in the silver colors of our court, I'm quite certain of it. A necklace adorning your neck that when I pull on from behind, it chokes you and turns into a collar. Wouldn't want you getting too far away from me while you are learning about our customs and court rules. Don't you want to follow the rules and make a good impression?

That's what I figured. There is nothing more embarrassing than making a fool out of yourself in front of people. They'll remember if you flounder out there for the rest of your life. The royal court isn't generous to its new members even if they aren't from this area. You being brought in and taken right to nobility is something that most cannot afford. You are in a seat of privilege, sweetheart. The means of how you got here do not matter, while you are here, you will follow the rules if you want to stay on my good side. It must be jarring to be borrowed from your kingdom but I think you'll find yourself right at home while you are here. I don't want to make you uncomfortable. I'm not going to mistreat you either, sweetheart. It wouldn't be good for my kingdom if I returned you all battered and bruised. Your people already think less of mine, why would I contribute to that more?

...I wouldn't. Dragons have enough of a reputation. I am merely showing you some hospitality while you are here so that you have only good things to say when you get back. That being said, you will be quite the commodity here. A human in a land of dragons? That doesn't happen everyday. We live in plain sight but we try to keep people away if we can out of fear of discovering our secrets. But it seems there is no reason for that anymore. Your kingdom has made its move and we made ours. They told our secret, so I borrowed someone like you. I wonder what your leaders are doing right now. Do you think they are discussing how to get you back? Do you think they're trying to figure out how to storm our castle? I would like to see them try. This was never a problem when Anderic was in control, shame he passed away. The new leader, Constance, is blood thirsty. She's the one who told everyone what we are. She's the one in charge of your fate. How confident do you feel that you'll be returned, sweetheart?

...I wouldn't be too confident in Constance if I was being honest with you. Whenever I would see her in passing before she usurped control, she would give me the dirtiest glares. It was as if she had a personal vendetta against me but that could just be because I'm feeling hurt right now when I should be focusing on something else. You. I've borrowed you and have yet to show you any of the rules of the royal court! I would rather you not make a complete fool of yourself tonight. You will be introduced to everyone later, you need to know what is expected in our culture. I'm aware you come from a kingdom that has rules around propriety, is that correct?

...We have some rules here. Things like you aren't supposed to take others food, you aren't supposed to drink others drinks, you can't take from another's hordes, you can't ask to see someone's horde, you can only see it if you are invited, stuff like that. We can go over that while we are doing the most important part. How you look. Everything about our society is carefully crafted to make us appear as human as possible. The outfit you are wearing is cute for everyday attire but it will not do for a grand appearance in front of the royal court. This is going to be your first impression in front of everyone and I want it to be a good one. Like I said, I'm not here to embarrass you. I want to see you thrive in our court and I wish to return you home as quickly as possible. Consider this playing pretend for a night. I'll keep you on my arm all night so you won't have to worry. If someone makes you uncomfortable, don't hesitate to tell me. If someone is looking at you weird or says something rude, tell me. I'm borrowing you to punish Constance, not you. I want you to enjoy yourself, sweetheart. Now come along. Let's find something appropriate to wear. Those rags will never do.

[heels sfx] Just a little way down the hallway. I have a room practically bursting with clothing of all sizes just for this occasion. I've always wanted to have more guests in my kingdom. I've dreamed of throwing lavish balls and inviting people from all over. My advisors always warned against it, saying that it would bring great risk to the identity of ourselves and we shouldn't take it. Since the secret is out to a few more kingdoms, maybe I'll be able to start throwing parties. Maybe I could invite you to one so you would visit me again. **[door opens]** After you. **[door closes]** Take a look around. There's no rush. Pull whatever you like and you can try it on. We can have a fashion show or something, sweetheart. I want you to look your best. These are some of the finest clothing from the past centuries. Silks from Noto, cotton from Kaipan, even hand stitched embroidery from the Itosan coast. Mostly in silvers, whites, grays, those kinds of colors. A little boring but that's what the court decided on. They wanted something that went with everything and while I wanted something more colorful like purple, silver was the winner. At least it'll look good on you. Have you found something you like?...Good. Why don't you try it on for me?...Yes, right now. The door's closed, isn't it?...Then it shouldn't be a problem for you, right?

[REDDIT]

[undressing sfx] That's good, sweetheart. Undress for me. I know you're nervous but I just want to see what's underneath. I've been curious if what I am recreating underneath our clothing is accurate to what human anatomy is really like. So far, it's just as expected but I'm waiting for you to take those pants off, sweetheart. Now isn't the time to get shy on me, let me see what's underneath. **[shuffling]** Good job. Nice and easy now. Very nice body. It's even better when nothing is covering it. I can roam my eyes and drink in your delicious form. Why don't you take a seat for a second. Leave the outfit over there, it's not going anywhere. I want to see something for myself. That's it. **[shuffling]** Is obedience something they train in your courts or are you naturally this submissive?...I'll keep that in mind. It might come in handy later. Spread your legs for me. Good. I want you to touch yourself. I want to see what a human looks like when they come up close and personal. You'll indulge me in this, won't you? I'm not sure if my clawed hand would be the best for getting you off. Nails so sharp they could slice you, that wouldn't be a good memory for you. I told you I'm not going to hurt you or make you do anything you don't want to do. You can tell me no and we will stop here. But I would love it if you would indulge this dragon queen for a bit and touch yourself. I want to see how different a human's orgasm is from a dragon's.

[wet noises start] That's an interesting motion, what do you call it?...Fascinating. Keep going. I was unaware that you started slow. Does it feel good? Touching yourself like that?...Even under my watchful gaze? Glowing purple eyes looking down at you while you touch yourself in front of me. Legs spread nice and wide while you look up at me. Black scales starting to transform my skin as my tongue lengthens in desire. I am curious about how you taste, sweetheart but there will be a time for that later. I want you to focus on what your hand is doing. I want to see the exact motions you're doing in order to cum. It'll be good for my research. In order to act human, I need to understand every aspect of human sexuality. That includes sex. It seems we have very different reproductive systems. It was clear you were designed without egg laying in mind. There's no way a dragon would be able to come out of that hole. Now, I could cum inside it but I'm not sure you would be able to walk in front of the court if I did that. I borrowed you for a reason, sweetheart. You should be shown off, shouldn't you?

Yes you should. Just look at how lovely you are for me, sweetheart. Touching yourself so obediently, showing me what humanity is like. No fabric keeping you from me. Doing such a good job. Does your hand feel good?...That's how it should be. When I touch myself, I grind myself against my tail. The scales feel amazing against me as I fuck myself. I wonder how you would fear riding my tail. Scales rubbing against you as I stroke you. You would keep your hands behind your back and your legs spread so I could do whatever I wanted to you. You wouldn't even complain, would you?...Of course you wouldn't. You're too obedient. You want to be well behaved so badly that you are willing to debase yourself like this, aren't you?

Oh I know you do. Desperate to please, eager to serve. That's why you got so far in your court, isn't it? You are a little people pleaser, aren't you sweetheart?...**[chuckle]** I'm not saying it is a good or bad thing. I just know how vain dragons can be. You can use that to your advantage tonight, maybe secure some alliances for yourself in case Constance decides you aren't worthy of rescue. If you were in my court, I would have come through the window breathing fire breath already. I don't take too kindly when one of my people goes missing. Maybe you are just too perfect for them? You're just so lovely, they might not know how to handle something like that. Someone who is so docile and genuine. It might frighten them but it intrigues me. Just like how you are touching yourself also raises my curiosity. You are letting out breathy noises and what sounds like noises of pain. Does touching yourself like this hurt? Are you causing yourself pain for my viewing pleasure because I don't want you to do that. I want this to feel good for you. You're not hurting yourself by doing this for me, are you?

...Then keep going. In fact, why don't you speed up a bit for me. I want to see you get closer to your orgasm. I want to know what humans do when they cum. I know when I orgasm it's dry. The only time I produce anything is when I'm laying eggs. Are humans the same way? Considering the lewd slick noises coming from your body as you touch yourself, I am going to assume it's a very wet experience. The way it echoes in this room, imagine if the door was open. Everyone would hear the lewd squelching as you get off in front of me. You're enjoying this, aren't you, sweetheart?...Yes you are. Look at you. You are loving being filthy in front of me. Touching yourself in unknown land, the only human amongst dragons, you are naked and without any defenses. That only makes it more thrilling for you, right?

...That's what I thought, sweetheart. Keep touching yourself for me. Your hand feels good, doesn't it?...You are touching yourself so well. Doing everything I asked of you. You're being such a good human for me. Keep going. Don't you want to get close? Don't you want to cum, sweetheart?...I know you do. I want to see you cum. I want to watch what happens when you orgasm for me but that can't happen if you don't get close. You're doing such a good job, masturbating like this. Keep going until you can't take it anymore. Make me proud of you, sweetheart. Show me everything that humans have to offer, show me what absolute pleasure looks like on your face. You are already stunning like this, breathing heavy as your legs shake. I don't know if it is possible for you to look even better but if anyone could do it, it would be you. There's just something about you, sweetheart. Something that makes me want to sink my teeth into you and bite and claim. An urge I've never known before but I can't complain about. Not when it's about someone like you. Just look at yourself. So obedient, so lovely. How could I not want someone as sexy as you for myself?

...So good for me. So well trained already. I won't have to do anything for you, will I? You'll be happy to stay by my side for the evening knowing that there is someone you can trust, won't you?...Absolutely perfect, sweetheart. So good for me, touching yourself like that. Putting on a show of pleasure for me, moaning, bucking, arching, you're right on the edge, aren't you? So close to your orgasm, you're just waiting for the magic words, right? That's all my sweetheart needs to cum, isn't it?...Yeah, it is. So lovely. So cute squirming in your pleasure. Do you have any clue how lovely you are? I'm not sure your kingdom knew what I took from them because you are flawless like a gem. The perfect submissive partner for anyone in charge to take. Cum for me, sweetheart. You've earned this. You deserve this. You've done such a good job, it's time for your reward, sweetheart. Cum for me. Just like that. Good job. You did so good for me.

[shuffling] What are you doing?...No, you aren't getting dressed yet. You showed me how humans get off. You put on such a show, it's only fair if I show you how we do it. Or better yet, let me teach you how we do it. I've noticed how you've been looking at my tail ever since I mentioned fucking myself on it. I think you should get a chance to feel it too, don't you agree?

[PATREON]

[wet noises start] Mmmm, doesn't that feel nice? The way my tail slides in so easily. Why don't you start touching yourself again. I know, it's so soon, but you can do it for me. I know you can. Be good for me and start touching yourself while my tail fucks your hole. Just like that, so good for me. Mm, you feel so wonderful, the way your hole is grippy my tail. The scales adding bumps and ridges as I fuck into you. It's like nothing you ever felt back in your home kingdom, is it?...That's good. I want to keep it that way. Grab my horns for me. Ngh, that's it. That's good. If you feel like you need to grab anything, you grab my horns, okay? It feels good and I can take plenty of weight on them. Ngh, that's it. That's good. Fuck, you are really taking the horn thing to heart, aren't you?

[chuckle] It's good. Keep it up. I want to make sure you are enjoying yourself, enjoying your time here. Only good things so far, yeah?...Yeah. Mng, you feel amazing, sweetheart. Love how your hole feels wrapped around me. Taking it so well. Doing such a good job, impaled on my tail like this. Make more of those sweet noises for me. I adore how you sound when you are enjoying yourself. Mmmm, just like that. Keep making those noises for me. You sound so lovely. I am absolutely enchanted by you, sweetheart. I'm not sure if all humans have your charm if you are just special. Something about you calls out to me, I need it, I need you in a way that most would consider unholy. To see you overstimulated with pleasure but begging for me because you can take. I just know your sobs of pleasure would be enough to make the strongest woman cum on the spot. Such a pretty little thing you are, feeling so good underneath me. Taking my tail nice and easy. The bumps and ridges feel so good, don't they?...Ngh, I'm glad. If I keep it up like this, you might never want to return to your kingdom. You'll want to spend your days attached at the hip to me. Even tonight that is what you are going to be doing. You'll fluster at a compliment and look down and see my tail which will only make you fluster even harder. You'll start thinking about your time in the wardrobe with me. Thinking about how good my tail feels fucking you and start getting turned on in front of everyone. You better hope that none of us dragons will be able to smell the arousal coming from you unless you want to be the main course.

Ngh, so many of my court want to sink their claws into something sweet like you. So happy I got you first. So happy you get to feel my first inside you, fucking you, splitting you open. Nice and thick, taking it so deeply inside. It feels so good, doesn't it?...Ngh, yes it does. That's it, sweetheart. Grab my horns and pull yourself closer to me. Smash your chest to mine. Mnf, that feels so good. That's it. Ngh, so fucking good for me, sweetheart. Taking my tail so well. Making me feel so fucking good. I can't remember the last time I got to fuck someone or something so lovely. Can't remember the last time I felt this good. My own orgasm building as I fuck into your pliant body. So good for me sweetheart, you love how my tail is making you feel, don't you?...Yeah, that's right. All while you touch yourself for me. Making yourself feel even better even if you are getting overstimulated. It's so much, isn't it, sweetheart?

...I know it is, but you can take it. You've taken everything I give you so far, what's one more? Keep playing with yourself while I fuck you. Ngh, the tip of my tail trying to get deeper inside you with every thrust. Despite it being such a small part of my tail, it's so sensitive. Acts like a clit or cock or whatever you want to call it in moments like this. Ngh, perfect for fucking you, sweetheart. For watching you fall apart on my tail and crumble despite your pathetic attempts at holding it together. It's okay. You don't have to pretend to be put together for me. I want to see how close you are, already. I want to feel your desperation to cum as you clench around my tail and beg for release. I want to see what you look like when you cry, sweetheart. Lick those fat tears up with my forked tongue. Ngh, that's it. Keep taking my tail.

Mnf, just like that. Yes. Let it split you open. You should see how your hole looks while taking it. The way it is stretched around it. It looks like you are filled to the brim and yet you want more, don't you? Frantically touching yourself while making me feel good, you want more so that you can orgasm again. You had one and you are greedy for another one. Who am I to deny a guest their most humble request? Ngh, you cum when I cum, sweetheart. You have to wait for me, understand? I know you are right on edge, but it would be rude for you to cum twice without me having at least one orgasm. If you came right now, I would still keep using you. I would keep fucking into your body while you laid there, muscles not much more then putty, and taking my pleasure in you until I cum. You would be so tired, so overwhelmed, you wouldn't even protest. You would just lay there and let me use your body for my own pleasure because despite how overstimulating you feel, it still feels good. You like having your senses be overloaded in this filthy way, don't you, sweetheart?

...I knew it. Ngh, fuck. Getting close, sweetheart. It's getting harder and harder to think. It's getting harder to speak and to focus. Ngh, that's it. Just like that, sweetheart. Taking my tail so fucking well. The ridges massaging your insides while the bumps help keep my tail sucked inside your hole nice and tight. Mnf, that's so fucking good. Adore how you feel, sweetheart. Making me feel so good with that hole of yours. You're so lovely, sweetheart. So perfect underneath me, taking every inch of my tail like it's nothing. Ngh, so fucking close. You want to cum with me, don't you? You're just as close as me, I know you are sweetheart. Cum with me. Let go, sweetheart. You deserve this. You've been so fucking good for me, now cum with m- **[mutual orgasms]**

[hesitant shuffling] Now you can move. **[chuckle // shuffling]** Two orgasms in the middle of the day is a little indulgent, don't you agree? **[chuckle]** I'm teasing. I think if anyone in this world deserves to indulge a bit, it's you. You're amazing. A selfish part of me is hoping that Constance doesn't demand you back. I want to keep the little thing I borrowed as greedy as that is. But I'll keep my greed in check for the sake of your autonomy, sweetheart. Do you want to try on the silver outfit now?
