

Nashua South Library Policies for Substitutes

Passes to the Library

To support the substitute plans of the teacher and to keep students in the classroom, **we do not accept passes from substitutes**. We also do not accept passes during eBlock except if a student needs to print, in which case after the document is printed, the student returns to the eBlock classroom.

Chromebooks

You may send a student on a pass to the library if:

- The student is having issues with their district supplied Chromebook. The student will return to class after the issue is resolved. **We do not lend Chromebooks to students who forgot their device at home.**
- The student needs to borrow a charger.

If you have questions, please contact the library at x.1298.
