Page Description:

Hello. My name is Ashley, and I have chosen to represent myself in this space as The Feral Philosopher, for reasons that I hope will become increasingly clear! :) I am an ex-professional philosopher, which is to say that I was previously employed to teach and research philosophy. If you are unclear about exactly what that might entail, well then just buckle up! You are in for an illuminating experience. (And a fun one, too! I hope!) What I am hoping to accomplish during my time on OnlyFans is twofold:

1. I want to have fun! I want to have engaging conversations and enjoy my body, even if this means that I am rambling about metaethics for 10 minutes while I get nude, and no one can concentrate on what I am saying. That's acceptably fun and entertaining for me!

2. I would also like to generate some income for myself. This is, regrettably, quite necessary if I hope to continue existing as a sentient, biological, living creature. Haha So, feel free to tip me! :p

Exactly how I accomplish these goals, remains to be seen. I have plans to create videos discussing various topics, while having fun with my body. I am also open to various forms of interpersonal engagement, and suggestions about what kind of content I can make! Feel free to let me know what you would like to see. I will say, however, that I am more apt to be amenable to suggestions that are creative. While I understand that you may want to see me ride a dildo or smth, I can only do that so many times on video right? I prefer suggestions about how I can engage you in

dialogue while *also* having a sexy fun time! For example: I can give you assignments, offer extra credit, or other such things.

<u>The Feral Philosopher's OnlyFans Code of Conduct:</u>

1. I am not looking for a Significant Other. I am not trying to find a human whom I can date. I am still very happy to be here with you, though! I am happy to chat, and play, and have a fun time with you!

2. While I am open to video and audio calls, I would prefer to chat with you for a bit (a few days, at least) before engaging in these particular activities. Calls make me nervous and this will be exasperated if I haven't ever spoken to you before.

3. This is the most important! Please pay attention, class. *pushes glasses higher up on nose*

   If I tell you that your line of questioning, or how you are treating me is making me uncomfy, then cease the questions/behaviour immediately! For instance, please do not ask me numerous and detailed questions about my family, where I worked as a philosopher, where I went to school, etc. No need to apologize profusely, everyone makes mistakes. But, if you do it again I will block you. In addition, if you severely overstep my boundaries, I will simply block you without prior notification. This includes, but is not limited to, discussing how long it would take for you to drive to me, or other such invasions of privacy. I want to feel safe and comfy so that I can have a good time with you! That's half of why I am here. ;)

4. Finally, recompense! As mentioned, I need to make an income in order to survive. I am selling my labor, attention, and access to my body and mind! This is a service that I am thrilled to be here to provide, but I also expect to receive recompense prior to engaging in any explicitly sexual activities with you. In short, if you want me to help you cum, you need to talk with me about *what you want and*

what you think you'd like to pay, and actually tip me, PRIOR to engaging with me in said activities.

Ok! Let's have some fun. :) :)

The Feral Philosopher's Service Menu

Premade Content**:**

Picture Sets $10-20

- Pricing on premade sets is variable based upon how many pics I choose to include, but will generally be somewhere between 6-15 pics, often with short video clips, too.

Extra Pictures DM $5

- Occasionally, I will offer pictures that I didn't include in the picture sets, as a PPV message. Sometimes there are just too many cute pictures! I still want to give you a chance to appreciate them. :) Typically, I will include 2-3 pictures.

Sexy Silliness Video $5

- These are brief (approx 5 min) videos of me being silly and cute. I might take my top off or I might get totally nude. Perhaps I will dance or ramble about a thought. The idea is that I am making a fun video, with a topic/theme that amuses me at the moment.

Sexy Movie Reviews $10

- These are brief (approx 5-10 mins) videos of me discussing a movie that I recently watched! I will also engage in sexy behaviour, perhaps fondling myself or stripping. I will announce which movie I will be watching in advance, so that you can also watch, if you so desire. Let me be your Sexy Ashley Ebert! Haha

Sexy Philosophy Tangents $10

- These are slightly longer videos (approx 10-15 mins), in which I will be discussing various philosophical topics. The topics are chosen at my discretion, and will be philosophically rigorous to varying degrees. For instance, one video may be more akin to a brief video essay, while the next merely consists of my chaotic philosophical rambling. I will also keep you entertained with sensuality and nudity while I talk!
