San Antonio Math Include**

Yixuan Yun is part of the Class of 2023 at Forest Ridge of the Sacred Heart, Bellevue WA, you can also call her Joanna. She plans to participate in the San Antonio Math Include (SaMi) and is interested in being the Chapter Director of Bellevue, WA because she has a passion for math and enjoys teaching. She thinks joining this program can make this passion an even bigger part of her life and inspire and develop others' own passion for math. Besides, she loves the satisfaction when she eventually solves a difficult question, and she hopes more students can experience this satisfaction and thus fall in love with math. She is looking forward to seeing all students during the summer in SaMi!
